September 17, 2006

On June 1, 2006, we commenced our ninth fiscal year of your Company. The past year has been eventful, as well as challenging. We have continued to make significant progress in all three of our primary initiatives: SOCRATES®, UNICORN™ and TIICM™.

During the first half of our fiscal year, we performed detailed analysis on the data acquired in late 2005 on our SOCRATES® laser acoustic sensor technology tests at the Denver International Airport site. The results of this analysis were encouraging, demonstrating an 86% success rate in detection of the acoustic emanations from wake vortex turbulence generated by over 2,000 aircraft arrivals. Based on this progress, we were awarded a new contract by the Department of Transportation Volpe Center to commence the development and demonstration of an emulation of a Wake Vortex Avoidance System. Unfortunately, over the New Year's holiday weekend, we suffered a break-in and vandalism to our equipment, as well as government equipment supporting these tests at the DIA site. Although most of the costs of remediation are covered by an insurance policy, the break-in resulted in a setback to our planned progress and plans for further testing. At this point we still anticipate that further testing and functional emulation demos are planned at the DIA developmental site commencing early 2007.

The advent of the new Airbus A380 super jumbo jet and the Very Light Jets (VLJs) at the other end of the spectrum have drawn worldwide media attention to airport capacity constraints which can be impacted by aircraft wake turbulence safety concerns. We believe that this further highlights our opportunity to offer a potential solution to many U.S. and international airports. We are expanding this capability to include SOCRATES® and additional sensing, predictive and computational components. It is our goal that the resulting Aircraft Wake Safety Management (AWSM) system will provide a comprehensive solution to the airport and terminal area wake vortex problem.

Our UNICORN™ airborne radar for collision avoidance took a major step forward as a result of a successful proof-of-principle test of the radar antenna components. The UNICORN™ radar antenna component was mounted on a tower at Georgia Tech Research Institute and Bill Cotton flew his private aircraft at pre-selected test distances around the tower. Detections by the Unicorn™ radar compared well to GPS measurements taken on-board. In order to exploit the UNICORN™ technology opportunity, while at the same time minimizing our investment risk, we are pursuing UNICORN™ technology development financing through a tax advantaged R&D partnership approach.

We have continued investing in research and development associated with a low cost countermeasure against the terrorist threat of certain heat seeking missiles which we believe will be highly effective. We plan to further investigate this technology called TIICM™ with the objective of participation in live fire field testing at a government test facility in the coming year.

These investments in the continued development of our technologies, and increase in business development and other costs such as legal costs, have resulted in losses over the past year of approximately \$2.2 million dollars. As of September 1, 2006, we have approximately \$1 Million in current R&D contract backlog for development of SOCRATES® technology and \$5 Million dollars in cash and no debt. You should consult our 2006 Annual Report on Form 10-KSB for further details concerning our financial condition and outlook.

In late 2003, we were notified by the U.S. Securities and Exchange Commission that they had commenced an informal investigation involving our Company and certain of our executive officers relating to our SOCRATES® technology. We recently received written notification from the SEC that this investigation has been terminated with no adverse findings against us and with no further action contemplated.

To highlight the technologies we are developing and their potential benefits for the safety, security and efficiency of the aviation industry, we participated in the Farnborough International Air Show, which generated considerable customer interest in our technologies.

On behalf of our management team and our distinguished Board of Directors, we thank you for your continued support and cordially invite you to join us at our annual shareholders meeting which will take place on Thursday, October 12, 2006 at 11:00 a.m. at the Mystic Marriott Hotel located at Exit 88 of I-95 in Mystic, Connecticut.

Very truly yours,

William B. Cotton

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS  
AND THE 2006 ANNUAL MEETING OF  
FLIGHT SAFETY TECHNOLOGIES, INC.**

***Q. Why am I receiving these materials?***

**A.** Flight Safety Technologies' Board of Directors (the "Board") is providing these proxy materials for you in connection with Flight Safety Technologies' annual meeting of stockholders, which will take place on October 12, 2006. Stockholders are invited to attend the annual meeting and are requested to vote on the proposals described in this proxy statement.

***Q. What information is contained in these materials?***

A. The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and our most highly paid officers, and certain other required information. Flight Safety Technologies' 2006 Annual Report and audited financial statements, proxy card and return envelope are also enclosed.

***Q. What proposals will be voted on at the annual meeting?***

A. There are two proposals scheduled to be voted on at the annual meeting:

the election of directors for a 1-year term;

the ratification of the Audit and Finance Committee's appointment of Wolf & Company, P.C. as Flight Safety Technologies' independent auditors.

***Q. What is Flight Safety Technologies' voting recommendation?***

A. The Board recommends that you vote your shares "FOR" each of the nominees to the Board, "FOR" the ratification of the Audit and Finance Committee's appointment of Wolf & Company, P.C. as Flight Safety Technologies' independent auditors.

***Q. What shares owned by me can be voted?***

A. All shares owned by you as of the close of business on August 28, 2006 (the "Record Date") may be voted by you. You may cast one vote per share of common stock that you held on the Record Date. These shares include shares that are: (1) held directly in your name as the stockholder of record, and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee.

***Q. What is the difference between holding shares as a stockholder of record and as a beneficial owner?***

A. Most of our stockholders are classified as beneficial owners because they hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

---

**Stockholder of Record.** If your shares are registered directly in your name with our transfer agent, Pacific Stock Transfer Company, these proxy materials are being sent directly to you and you have the right to grant your voting proxy directly to Flight Safety Technologies, Inc. or to vote in person at the annual meeting. We have enclosed a proxy card for you to use. You may also vote by Internet or by telephone as described on the proxy card.

**Beneficial Owner.** If you are considered the beneficial owner of shares, these proxy materials are being forwarded to you by your broker or nominee and you have the right to direct your broker on how to vote. Your broker or nominee has enclosed a voting instruction card for you to use in directing the broker or nominee regarding how to vote your shares. You may also vote by Internet or by telephone as described on the proxy card.

***Q. How can I vote my shares in person at the annual meeting?***

A. Shares held directly in your name as the stockholder of record may be voted in person at the annual meeting. If you choose to do so, please bring the enclosed proxy card or proof of identification. **Even if you plan to attend the annual meeting, We recommend that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the annual meeting.**

If you are a beneficial owner, you only may vote in person if you obtain a signed proxy from the record holder giving you the right to vote the shares and submit it to us at the annual meeting.

***Q. Can I change my vote?***

- A.** You may change your vote at any time prior to the vote at the annual meeting. You may accomplish this by entering a new vote by Internet or telephone or by granting a new proxy card or new voting instruction card bearing a later date (which automatically revokes the earlier proxy instructions) or, if you are a record stockholder, by attending the annual meeting and voting in person. Attendance at the annual meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

***How are votes counted?***

- Q.** In the election of directors, you may vote "FOR" all or any of the nominees, your vote may be "WITHHELD" with respect to one or more of the nominees or you may ABSTAIN. For the ratification of Wolf & Company, P.C. you may vote "FOR", "AGAINST" or "ABSTAIN". Abstaining votes will be counted as present for purposes of determining the presence of a quorum but will have no effect on the vote. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board.

***Q. What is the voting requirement to approve each of the proposals?***

- A.** In the election for directors, the eight persons receiving the highest number of "FOR" votes will be elected. The auditors proposal requires the affirmative "FOR" vote of a majority of those shares present and entitled to vote. If you are a beneficial owner and do not provide the stockholder of record with voting instructions, your shares may constitute broker non-votes, as described in "What is the quorum requirement for the annual meeting?" herein. In tabulating the voting result for any particular proposal, shares which constitute broker non-votes are not considered entitled to vote.

***Q. What does it mean if I receive more than one proxy or voting instruction card?***

- A.** It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

***Q. How can I obtain an admission ticket for the annual meeting?***

- A.** We are not requiring admission tickets this year.

***Q. Where can I find the voting results of the annual meeting?***

- A.** We will announce preliminary voting results at the annual meeting and publish final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2006.

***Q. What happens if additional proposals are presented at the annual meeting?***

- A.** Other than the two proposals described in this proxy statement, we do not expect any matters to be presented for a vote at the annual meeting. If you grant a proxy, the persons named as proxy holders, Samuel A. Kovnat, our Chairman of the Board and Chief Executive Officer, and William B. Cotton, our President, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting.

***Q. What shares are entitled to be voted?***

- A.** Each share of our common stock outstanding as of the close of business on August 28, 2006, the Record Date, is entitled to one vote at the annual meeting. On the Record Date, we had 8,215,210 shares of common stock issued and outstanding.

***Q. What is the quorum requirement for the annual meeting?***

- A.** The quorum requirement for holding the annual meeting and transacting business is a majority of the outstanding shares entitled to be voted. The shares may be present in person or represented by proxy at the annual meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum. Broker non-votes, however, are not counted as shares present and entitled to be voted with respect to the matter on which the broker has not voted. Thus, broker non-votes will not affect the outcome of any of the matters being voted on at the annual meeting. Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker has not received voting instructions from the beneficial owner and (2) the broker lacks discretionary voting power to vote such shares.

***Q. Who will count the vote?***

- A.** A representative of Automatic Data Processing, Inc. ("ADP") will tabulate the votes.

***Q. Is my vote confidential?***

- A.** Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Flight Safety Technologies or to third parties except (1) as necessary to meet *applicable* legal requirements, (2) to allow for the tabulation of votes and certification of the vote, or (3) to facilitate a successful proxy solicitation by the Board. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to our management.

***Q. Who will bear the cost of soliciting votes for the annual meeting?***

- A.** We will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our directors, officers, and employees, who will not receive any additional compensation for such solicitation activities. We have retained the services of ADP to aid in the solicitation of proxies. We estimate that we will pay a fee of approximately \$22,000 for its services. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners.

***Q. How may I propose actions for next year's annual meeting of stockholders?***

- A.** You may submit proposals for consideration at future annual stockholder meetings. To be timely for next year's annual meeting, the recommendation must be delivered to the Corporate Secretary no sooner than 120 days and no later than 90 days prior to the first anniversary of this Annual Meeting. Such proposals will need to comply with the SEC's regulations regarding the inclusion of stockholder proposals in Flight Safety Technologies-sponsored proxy materials. The Nominating and Governance Committee will consider properly submitted stockholder proposals, including recommendations of candidates to our Board. Any such stockholder recommendation must include the candidate's name and qualifications for Board membership, the candidate's age, business address, residence address, principal occupation or employment, the number of shares beneficially owned by the candidate and information that would be required to solicit a proxy under federal securities law. In addition, the recommendation must include the stockholder's name, address and the number of shares beneficially owned and the period they have been held. Such stockholder recommendations must be submitted in the same time and manner as any stockholder proposal as described above.

### PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors of Flight Safety Technologies, Inc. (hereinafter referred to as "we", "us", "our" or "Company"), a Nevada corporation, to the holders of our issued and outstanding common stock for use at our annual meeting of stockholders to be held on October 12, 2006. These proxy solicitation materials and our Annual Report to Stockholders for our fiscal year ended May 31, 2006, including financial statements (on Form 10-KSB) are being mailed to our stockholders on or about September 17, 2006. Our principal office is located at 28 Cottrell Street, Mystic, Connecticut, 06355.

### SOLICITATION AND VOTING

**Stockholders Entitled to Vote.** Holders of our common stock as of the close of business on August 28, 2006 will be entitled to vote at the meeting and any adjournment thereof. As of that time, we had 8,215,210 shares of common stock outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the annual meeting. Each stockholder of record as of that date is entitled to one vote for each share of common stock held by him or her. Our bylaws provide that a majority of all of the shares of the stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Votes for and against, abstentions and "broker non-votes" will each be counted as present for purposes of determining the presence of a quorum.

**Broker Non-Votes.** A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (typically referred to as being held in "street name") but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of directors, increases in authorized common stock for general corporate purposes and ratification of auditors.

**Solicitation of Proxies.** We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail, we will request banks, brokers and other custodians, nominees and fiduciaries to solicit customers for whom they hold our stock and will reimburse them for their reasonable, out-of-pocket costs. We may use the services of our officers, directors and others to solicit proxies, personally or by telephone, without additional compensation.

**Voting of Proxies.** All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of all of the following Proposals.

**Vote by Internet.** All stockholders may use the Internet to transmit their voting instructions and for electronic delivery of information up until 11:59 p.m. Eastern time the day before the meeting date. The website for Internet voting is [www.proxyvote.com](http://www.proxyvote.com).

**Vote by Phone.** All stockholders may also use any touch-tone telephone to transmit their voting instructions up until 11:59 p.m. Eastern time the day before the meeting date. The toll-free number is located on your proxy card.

**Vote by Mail.** All stockholders may vote by mail. Simply mark, sign, and date your proxy card and return it in the postage-prepaid envelope we have provided or return it to Flight Safety Technologies, Inc., c/o ADP, 51 Mercedes Way, Edgewood, NY 11717.

**Revocability of Proxies.** A stockholder giving a proxy has the power to revoke his or her proxy at any time before it is exercised by delivering to the Secretary of Flight Safety Technologies, Inc., a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person. If you are a beneficial owner, you only may vote in person if you obtain a signed proxy from the record holder giving you the right to vote the shares and submit it to us at the annual meeting.

**List of Stockholders.** The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior for any purpose germane to the meeting between the hours of 8:45 a.m. and 4:30 p.m., at our principal office at 28 Cottrell Street, Mystic, CT 06355.

## CORPORATE GOVERNANCE MATTERS

We are committed to having sound corporate governance principles. Having such principles is essential to running our business efficiently and to maintaining our integrity in the marketplace. Our Committee Charters, Code of Business Ethics, Insider Trading Policy and General Statement of Policy on Disclosures are available at <http://www.flysafetech.com>. Please note, however, that information contained on the website is not incorporated by reference in, or considered to be a part of, this document.

**Director Independence.** The Board has determined that half of its eight members, Messrs. Pressler, Luca, Tocco and Wood, are independent and meet the independence requirements of the American Stock Exchange. As executive officers, Messrs. Cotton, Kovnat and Rees are not independent under those requirements. Mr. Kemper is not treated as an independent because, through his wholly owned company, he has an \$84,000 plus expenses consulting contract with Flight Safety Technologies. For more information, please see "Certain Relationships and Related Transactions" under Proposal No. 1 - Election of Directors.

Each member of the Finance and Audit, the Compensation and the Nominating & Governance Committees meets the applicable independence requirements of the American Stock Exchange.

**Audit Committee Financial Experts.** The Board has determined that at least one member of the Audit Committee, Joseph J. Luca, is a financial expert.

**Code of Business Ethics.** The Board has approved and adopted a Code of Business Ethics for our officers, directors and employees.

**Executive Sessions of Independent Directors.** Independent Board members meet without management and non-independent directors present as often as necessary to fulfill their responsibilities, including at least annually in executive sessions. The Chairman of the Nominating and Governance Committee presides over meetings of the independent directors.

**Nomination of Director Candidates.** We believe that it is in the best interests of our stockholders to identify and select highly-qualified candidates to serve as directors. The Nominating and Governance Committee seeks candidates for election and appointment who possess high standards of personal and professional ethics and integrity, practical wisdom and mature judgment and who are committed to staunchly representing the interests of the stockholders. The Nominating and Governance Committee also believes that the Board should be comprised of a diverse group of individuals with significant leadership accomplishments in domestic and international business, government, or the aviation industry; who have been associated with institutions noted for excellence; and who have broad experience and the ability to exercise sound business judgment.

There are no specific minimum qualifications that an individual must meet in order to be nominated; each is considered on a case-by-case basis. Candidates may come to the attention of the Committee from current Board members, stockholders, professional search firms, officers

or other persons. The Committee will review all candidates in the same manner regardless of the source of the recommendation.

The Nominating and Governance Committee will consider properly submitted stockholder recommendations of candidates. Any stockholder recommendation must include the candidate's name and qualifications for Board membership, the candidate's age, business address, residence address, principal occupation or employment, the number of shares beneficially owned by the candidate and information that would be required to solicit a proxy under federal securities law. In addition, the recommendation must include the stockholder's name, address and the number of shares beneficially owned and the period they have been held. The recommendation should be sent to Corporate Secretary, Flight Safety Technologies, Inc., 28 Cottrell Street, Mystic, Connecticut 06355.

## **PROPOSAL NO. 2**

### **RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

The Finance and Audit Committee has selected Wolf & Company, P.C. as independent auditors to audit our consolidated financial statements for the fiscal year ending May 31, 2007. Wolf & Company, P.C. has acted in such capacity since its appointment in fiscal year 2005. A representative of Wolf & Company, P.C. is expected to be present at the annual meeting, with the opportunity to make a statement if the

representative desires to do so, and is expected to be available to respond to appropriate questions.

**Audit and Related Fees.** The following table presents fees for professional audit services rendered by Wolf & Company, P.C. for the audit of the Company's annual financial statements and fees billed for other services rendered by Wolf & Company, P.C. for fiscal 2006.

	2005		2006
Audit Fees	\$ 64,800	\$	79,941
Audit related fees(1)	<u>0</u>		<u>12,220</u>
	\$ 64,800	\$	92,261
<i><b>Audit and audit related fees</b></i>			
Tax fees(2)	\$ 0	\$	9,250
All other fees	<u>0</u>		<u>0</u>
Total fees	\$ <u>64,800</u>	\$	<u>101,511</u>

(1) Audit Related Fees consist principally of consultations in connection with accounting and financial reporting matters.

(2) Tax fees consist of fees for tax consultation and tax compliance services.

**Annual Independence Discussions.** The Finance and Audit Committee has determined that the provision by Wolf & Company, P.C. of certain limited, non-audit services to Flight Safety Technologies, Inc. has been compatible with Wolf & Company, P.C. maintaining its independence.

**Changes In and Disagreements With Accountants on Accounting and Financial Disclosure .** As previously reported on an 8-K filed with the SEC on February 10, 2005, effective February 10, 2005, our then current accountant, Kostin, Ruffkess & Company, LLC ("Kostin") resigned and we engaged Wolf & Company, P.C., which has offices in Boston and Springfield, Massachusetts, as our principal independent public accountant. The decision to engage Wolf & Company, P.C. was made by our Finance and Audit Committee in accordance with Section 301 of the Sarbanes-Oxley Act of 2002.

Kostin's reports on our financial statements did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

In connection with the audit for our most recent fiscal year ending May 31, 2005 and up to the date of termination, there have been no disagreements with Kostin on any matters of accounting principles or practices, financial statement disclosure of auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of Kostin would have caused Kostin to make reference to the subject matter of the disagreement(s) in connection with its report on our financial statements. Since Kostin's engagement as our accountant on October 3, 2002, there have been no reportable events as defined in Item 304(a)(1)(iv) of Regulation S-B. We have authorized Kostin to respond fully to any inquiries of our new auditors relating to their engagement as our independent accountant.

We had not previously consulted with Wolf & Company, P.C. regarding the application of accounting principles to a specific completed or contemplated transaction, or the type of audit opinion which might be rendered on our financial statements, and no written or oral advice was provided to us concluding there was an important factor to be considered by us in reaching a decision as to an accounting, auditing, or financial reporting issue. Neither did we discuss with Wolf & Company, P.C. any accounting, auditing, or financial reporting issue that was a subject of disagreement between us and Kostin, as there were no such disagreements.

**Vote Required and Board of Directors' Recommendation.** Approval of this proposal requires the affirmative vote of a majority of the votes cast affirmatively or negatively on the proposal at the annual meeting of stockholders, as well as the presence of a quorum representing a majority of all outstanding shares of our common stock, either in person or by proxy. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.

Stockholder ratification of the selection of Wolf & Company, P.C. as our independent auditors is not required by our Bylaws or otherwise. We are submitting the selection of Wolf & Company, P.C. to you for ratification as a matter of good corporate practice. In the event the stockholders fail to ratify the selection, the Finance and Audit Committee of our Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Finance and Audit Committee in its discretion may direct the appointment of a different independent auditing firm at any time during the year if it determines that such a change would be in our best interest and the best interest of the stockholders.

**The Board of Directors unanimously recommends a vote "FOR" the ratification of Wolf & Company, P.C. as Flight Safety Technologies' independent auditors for the fiscal year ending May 31, 2007.**

The Finance and Audit Committee has discussed and reviewed with our independent auditors, who are responsible for auditing our financial statements and expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, all matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Finance and Audit Committee has met with Wolf & Company, P.C., with and without management present, to discuss the overall scope of Wolf & Company, P.C.'s audit, the results of its examinations, its evaluations of our internal controls and the overall quality of our financial reporting.

The Finance and Audit Committee has received from our auditors a formal written statement describing all relationships between the auditors and us that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), discussed with the auditors any relationships that may impact their objectivity and independence, and satisfied itself as to the auditors' independence.

Based on the review and discussions referred to above, the committee recommended to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-KSB for the fiscal year ended May 31, 2006.
