APPLIED DIGITAL CORPORATION AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements (Unaudited)
For the Three and Nine Months Ended February 28, 2025

1. Business and Organization

Applied Digital Corporation (the “Company”) is a designer, builder, and operator of digital infrastructure providing cost-competitive solutions to customers. The Company has three reportable segments. Financial information for each segment is contained in “Note 11 - Business Segments.”

2. Basis of Presentation and Significant Accounting Policies

Principles of Consolidation

The accompanying interim unaudited condensed consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”), including the instructions to Form 10-Q and Article 10 of Regulation S-X. Certain information and footnote disclosures normally included in the Company's annual consolidated financial statements on Form 10-K have been condensed or omitted. The unaudited condensed consolidated balance sheet as of May 31, 2024 has been derived from the audited consolidated financial statements as of that date, but does not include all disclosures required for audited annual financial statements.

In the Company's opinion, all necessary adjustments have been made for the fair presentation of the results of the interim periods presented. The results of operations for such interim periods are not necessarily indicative of the results to be expected for the full year. For further information, please refer to and read these interim unaudited condensed consolidated financial statements in conjunction with the Company's audited consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended May 31, 2024 filed with the SEC on August 30, 2024.

Significant Accounting Policies and Use of Estimates

Use of Estimates

The preparation of the unaudited condensed consolidated financial statements is in conformity with accounting principles generally accepted in the United States of America (“GAAP”). GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the balance sheet and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ significantly from those estimates.

Revenue Recognition

The Company recognizes revenue in accordance with Accounting Standards Codification 606, Revenue from Contracts with Customers.

Data Center Hosting Revenue

The Company provides energized space to customers who locate their hardware within the Company's co-hosting facility. Performance obligations are achieved simultaneously by providing the hosting environment for the customers' operations. Customers pay a fixed rate to the Company in exchange for a managed hosting environment supported by customer-provided equipment. Revenue is recognized based on the contractual fixed rate, net of any credits for non-performance, over the term of the agreements. Any ancillary revenue for other services is generally recognized at a point in time when the services are complete. Customer contracts include advance payment terms. All advanced service payments are recorded as deferred revenue and are recognized as revenue once the related service is provided.

Cloud Services Revenue

The Company also provides managed cloud infrastructure services to customers, such as artificial intelligence and machine learning developers, to help develop their advanced products. Customers pay a fixed rate to the Company in exchange for managed cloud services supported by Company-provided equipment. Revenues are recognized based on the fixed rate, net of any credits for non-performance, over the term of the agreements.

Segments

The Company has identified three reportable segments: data center hosting (“Data Center Hosting Business”), cloud services (“Cloud Services Business”), and high-performance compute hosting (“HPC Hosting Business”). The Company’s chief operating decision-maker evaluates performance, makes operating decisions and allocates resources on both a consolidated basis and on the basis of these three reportable segments. Intercompany transactions between segments are excluded for management reporting purposes.

The Data Center Hosting Business operates data centers to provide energized space to crypto mining customers. Customer-owned hardware is installed in the Company’s facilities and the Company provides operational and maintenance services for a fixed fee.

The Cloud Services Business primarily operates through our wholly-owned subsidiary, Applied Digital Cloud Corporation, and provides cloud services to customers at third party colocation centers located in Colorado, Minnesota, Nevada and Utah, such as artificial intelligence and machine learning developers, to develop their advanced products. Customers pay a fixed rate to the Company in exchange for an energized space supported by Company-provided equipment.

The HPC Hosting Business designs, builds, and operates data centers which are being designed to support high-compute applications using advanced and sophisticated infrastructures to provide services to customers.

See Note 2 - Basis of Presentation and Significant Accounting Policies to the consolidated financial statements included in the Company’s Annual Report on Form 10-K for the year ended May 31, 2024, as filed with the SEC, for additional information regarding the Company’s significant accounting policies and use of estimates.

Recent Accounting Pronouncements

In December 2023, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) 2023-09, Income Taxes (“Topic 740”): Improvements to Income Tax Disclosures. This ASU is intended to enhance the transparency and decision usefulness of income tax disclosures, primarily related to standardization and disaggregation of rate reconciliation categories and income taxes paid by jurisdiction. The guidance is effective for fiscal years beginning after December 15, 2024, with early adoption permitted, and can be applied either prospectively or retrospectively. The Company is currently evaluating the impact of adopting this ASU on its disclosures and plans to adopt this pronouncement beginning with our fiscal year beginning June 1, 2025.

In November 2024, the FASB issued ASU 2024-03, Income Statement – Reporting Comprehensive Income – Expense Disaggregation Disclosures (Subtopic 220-40): Disaggregation of Income Statement Expenses. The ASU is intended to enhance transparency of income statement disclosures primarily through additional disaggregation of relevant expense captions. The standard is effective for annual reporting periods beginning after December 15, 2026, and interim periods within annual reporting periods beginning after December 15, 2027, with prospective or retrospective application permitted. The Company is currently evaluating the impact of this ASU on its financial statement presentation and disclosures and plans to adopt this pronouncement beginning with our fiscal year beginning June 1, 2027.

Reclassifications

Income Statement

We have reclassified certain prior period amounts in our unaudited condensed consolidated statements of operations to conform to our current period presentation. Specifically, we have reclassified certain amounts of “Selling, general and administrative” expenses to “Interest expense, net.” We have also condensed the presentation of segment revenue into a single “Revenue” caption as segment disclosures are presented in Note 11 - Business Segments.

These reclassifications had no impact on reported net loss, cash flows, or total assets and liabilities.

Cash, Cash Equivalents, and Restricted Cash

The Company’s restricted cash balances consist of funds for construction and letters of credit.

APPLIED DIGITAL CORPORATION AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements (Unaudited)
For the Three and Nine Months Ended February 28, 2025

The funds for construction are held in a construction reserve account to fund the construction of the Company's 400 MW Ellendale, North Dakota data center campus (the "Ellendale Campus"), in accordance with the SMBC Credit Agreement (as defined below). See further discussion in *Note 6 - Debt*.

Additionally, the Company has restricted cash related to its letters of credit totaling \$38.3 million presented on our unaudited condensed consolidated balance sheets within restricted cash and other assets. The Company is required to keep these balances, which are held in money market funds, in separate accounts for the duration of the letter of credit agreements, which have terms of up to two years. The letters of credit were issued in lieu of security deposits. The Company considers the money market funds to be Level 1 which the Company believes approximates fair value.

Cash, cash equivalents, and restricted cash within the unaudited condensed consolidated balance sheets that are included in the unaudited condensed consolidated statements of cash flows as of February 28, 2025 and May 31, 2024 were as follows (in thousands):

	February 28, 2025	May 31, 2024
Cash and cash equivalents	\$ 68,743	\$ 3,339
Restricted cash - funds for construction	154,139	—
Restricted cash - letters of credit	31,342	21,349
Restricted cash included in other assets	7,000	7,000
Total cash, cash equivalents, and restricted cash	<u>\$ 261,224</u>	<u>\$ 31,688</u>

Liquidity

The Company had a working capital deficit of \$119.3 million as of February 28, 2025 which raised substantial doubt about the Company's ability to continue as a going concern. Historically, we have incurred losses and have relied on equity and debt financings to fund our operations. We have primarily generated cash in the last 12 months from the proceeds of our term loans, issuances of common stock, preferred stock, convertible promissory notes, senior unsecured convertible notes, debt facilities and the receipt of contractual deposits and revenue payments from customers.

The Company has the ability and intent to sell additional shares of Series E-1 Preferred Stock which would generate proceeds of approximately \$2.0 million. Also, as disclosed in "Note 13 - Subsequent Events", the Board of Directors has approved the potential sale of the Cloud Services Business, which will reclassify certain non-current assets and long-term liabilities on the balance sheet to current assets and current liabilities and will result in a net working capital surplus of \$117.6 million.

Finally, the Company has the ability to modify the timing of its capital spending and extend its payment terms with vendors, if necessary.

Based on the above analysis, the Company believes the substantial doubt to continue as a going concern for at least 12 months from the date these financial statements were issued is reasonably alleviated.

Letters of Credit

As of February 28, 2025, the Company had letters of credit totaling \$38.3 million. The Company has restricted cash related to its letters of credit and is required to keep these balances in separate accounts for the duration of the letter of credit agreements. The Company presents all restricted cash amounts with letter of credit terms of 12 months or less within the Restricted Cash caption within current assets and any amounts with related letter of credit terms of over 12 months in Other Assets.

Yorkville Convertible Debt

During the fiscal year ended May 31, 2024, the Company entered into two prepaid advance agreements with YA II PN, LTD. (“YA Fund”) for promissory notes totaling \$ 92.1 million (collectively the “YA Notes”), issued on March 27, 2024 (the “March Note”), April 24, 2024, and May 24, 2024 (the “May PPA”). The YA Notes were convertible into shares of the Company’s common stock. For the nine months ended February 28, 2025, the Company recognized a gain on fair value of debt of \$4.1 million associated with the YA Notes which is included on the unaudited condensed consolidated statements of operations. During the nine months ended February 28, 2025, \$71.3 million of the YA Notes were converted into approximately 19.1 million shares of common stock. The Company recorded a loss on conversion of debt of \$3.6 million during the nine months ended February 28, 2025, in its unaudited condensed consolidated statements of operations.

The fair value of the YA Notes was calculated on an as-converted basis using quoted market prices of the Company's outstanding common stock; however, YA Fund had converted the maximum amount of shares allowable under Nasdaq rules and regulations and as such, the remaining balance of \$4.8 million under the March Note was payable in cash. During the quarter ended February 28, 2025, the Company repaid the \$4.8 million in full, including all outstanding and unpaid principal, accrued interest, fees, and expenses, as well as the \$2.1 million Commitment Fee under SEPA (as defined below).

CIM Arrangement & Warrants

On June 7, 2024, APLD Holdings 2 LLC (the “Borrower”), a subsidiary of the Company, entered into a promissory note (the “CIM Promissory Note”) with CIM APLD Lender Holdings, LLC, a Delaware limited liability company (the “Lender”). The CIM Promissory Note provided for borrowings up to \$125 million. The total amount borrowed under the CIM Promissory Note was \$125 million.

On November 27, 2024, in connection with the issuance of the Macquarie Promissory Note and receipt by the Company of the proceeds related thereto (as described below), the Company repaid the CIM Promissory Note in full, including all outstanding and unpaid principal, accrued interest, fees, and expenses. The associated extinguishment costs were capitalized directly into Construction in Progress (CIP), as the CIM Promissory Note were tied to the ELN-02 Project and

APPLIED DIGITAL CORPORATION AND SUBSIDIARIES

For the Three and Nine Months Ended February 28, 2025

were therefore considered part of the construction cost. As of February 28, 2025, the CIP balance includes \$0.4 million related to the extinguishment of the CIM Promissory Note.

Pursuant to the CIM Promissory Note, the Company issued warrants to purchase up to 9,265,366 shares of common stock (the "CIM Warrants"). The CIM Warrants were issued in two tranches: for the purchase of up to 6,300,449 Common Shares (the "Initial Warrants"), issued on June 17, 2024, and 2,964,917 Common Shares (the "Additional Warrants"), issued on August 11, 2024. The CIM Warrants were exercisable upon issuance and had a five-year term and an exercise price of \$4.8005 per share.

The CIM Warrants were measured at fair value using a Black-Scholes Option Pricing model. Inherent in pricing models are assumptions related to expected share-price volatility, expected life, risk-free interest rate and dividend yield, which are considered Level 3 inputs. The estimated fair value of the CIM Warrants was based on the following significant inputs:

	<u>Initial Warrants</u>	<u>Additional Warrants</u>
Warrant issue date	June 17, 2024	August 11, 2024
Contractual term	5 years	5 years
Volatility	105 %	110 %
Risk-free rate	4.25 %	3.76 %
Dividend yield	— %	— %

The fair value of the Initial Warrants and Additional Warrants was \$4.36 and \$3.04 per warrant, respectively. The total fair value of the CIM Warrants was \$36.5 million and was recorded in the unaudited condensed consolidated statements of changes in temporary equity and stockholders' equity. The Company deferred the recognition of the fair value of the Initial and Additional Warrants as a reduction in the net carrying amount of the CIM Promissory Note. After the repayment of the CIM Promissory Note, the remaining value of the CIM Warrants recorded as a reduction of the CIM Promissory Note was capitalized to CIP.

During the nine months ended February 28, 2025, all 9,265,366 of the CIM Warrants were exercised on a cashless basis for approximately 4.9 million shares of the Company's common stock in a net settlement transaction. As of February 28, 2025, there are no CIM Warrants outstanding.

Yorkville Amendments

In connection with the CIM Promissory Note, the Company also entered into a Consent, Waiver and First Amendment to the Prepaid Advance Agreements (the "Consent") with YA Fund. In exchange for giving its consent to the transaction with the CIM Lender, the Company agreed to issue an aggregate of 100,000 shares of common stock to YA Fund and to conditionally lower the floor price from \$3.00 to \$2.00 so long as the daily Volume Weighted Average Price ("VWAP") is less than \$ 3.00 per share of common stock for five out of seven trading days. The Company further agreed to deliver a security agreement whereby its subsidiary, Applied Digital Cloud Corporation, would grant a springing lien on substantially all of its assets subject to customary carve-outs to secure the YA notes issued in favor of YA Fund. Pursuant to the Consent, YA Fund also consented to future project-level financing at the Ellendale HPC Facility. In addition, pursuant to the terms of the Consent, certain provisions of the March PPA and the May PPA were amended. Upon issuance of the 100,000 shares, the Company recorded the value of the shares at their grant date fair value as an increase in the loss on change in fair value of debt caption on the unaudited condensed consolidated statements of operations.

On October 16, 2024, the Company entered into a letter agreement with YA Fund, whereby the Company agreed to satisfy its obligations with respect to the Commitment Fee (as defined below) in cash by increasing the principal amount due under the March Note in an equivalent amount, instead of issuing the Commitment Shares (as defined below). The Commitment Fee was paid in full during the quarter ended February 28, 2025 as part of the repayment by the Company of the March Note.

On October 29, 2024, the Company entered into certain amendments to the March prepaid advance agreement and the March Note. The amendments (i) provided consent to the Convertible Notes (as defined below) offering and share

Notes to the Condensed Consolidated Financial Statements (Unaudited)

repurchase transactions (as described below) and (ii) removed certain prior restrictions on redemption of the March Note before January 1, 2025.

SAFE

In the first fiscal quarter of 2025, Applied Digital Cloud Corporation (“ADCC”), a wholly-owned subsidiary of the Company, entered into two SAFE agreements totaling \$12.0 million with an investor (the “Investor”). Under the terms of the SAFE agreements, the Investor has the right to certain shares of ADCC’s preferred stock.

If an equity financing transaction is completed by ADCC before the termination of the SAFE agreements, the SAFE agreements will automatically convert into the number of shares of preferred stock equal to the purchase amount divided by the discount price, which will be the lowest price per share of the preferred stock sold in the equity financing transaction multiplied by the discount rate (90%). If there is a liquidity event before the termination of the SAFE agreements, the Investor will automatically be entitled to receive a portion of proceeds, due and payable to the Investor immediately prior to, or concurrent with, the occurrence of such liquidity event, equal to the greater of (i) the purchase amount or (ii) the amount payable on the number of shares of common stock equal to the purchase amount divided by the liquidity price (the price per share equal to the fair market value of the common stock at the time of the liquidity event, as determined by reference to the purchase price payable in connection with such liquidity event, multiplied by the discount rate). If there is a dissolution event before the termination of the SAFE agreements, the Investor will automatically be entitled to receive a portion of proceeds equal to the purchase amount, due and payable to the Investor immediately prior to the occurrence of the dissolution event.

In a liquidity or dissolution event, the SAFE agreements are intended to operate like standard non-participating preferred stock. The Investor’s right to receive the purchase amount is junior to payments for outstanding indebtedness and creditor claims, on par with payments for other SAFE agreements and preferred stock, and senior to payments for common stock. The SAFE agreements will automatically terminate immediately following the earliest to occur of: (i) the issuance of capital stock to the Investor pursuant to the automatic conversion of the SAFE agreements; or (ii) the payment, or setting aside for payment, of amounts due the Investor. The Investor shall have the right, but not the obligation, to purchase up to its Pro Rata Share (the ratio of (i) the purchase amount of the SAFE agreements to (ii) the aggregate purchase amounts of all SAFE agreements issued by ADCC prior to the equity financing transaction) of the securities issued in the equity financing transaction, on the same terms, conditions and pricing afforded to the other investors participating in the equity financing transaction.

The SAFE agreements were accounted in accordance with ASC 480: Distinguishing Liabilities from Equity. Per the SAFE agreements, as the underlying share class has not been issued yet and as such, equity classification cannot be determined based on redemption rights, these agreements were classified as liabilities and included in long-term debt at their face value on the Company’s unaudited condensed consolidated balance sheets.

Senior Unsecured Convertible Notes

On November 4, 2024, the Company issued \$450.0 million aggregate principal amount of 2.75% Senior Unsecured Convertible Notes due June 2030 (the “Convertible Notes”). The net proceeds from the sale of the Convertible Notes was approximately \$435.2 million after deducting the initial purchasers’ discounts and commissions and estimated offering expenses payable by the Company. The Company used approximately \$84 million of the net proceeds from the offering to fund share repurchases of common stock in connection with the offering including (i) \$52.7 million to fund the cost of entering into a prepaid forward repurchase transaction (as described below) and (ii) \$31.3 million to repurchase shares of common stock with which the Company repurchased approximately 4.3 million shares at \$7.36 a share, the stock price on October 30, 2024, the trading day preceding the transaction close. In addition, approximately \$51.8 million of the net proceeds from the offering were used to pay the cost of the capped call transactions (as described below) and the remainder of the net proceeds were used for general corporate purposes.

Also on November 4, 2024, the Company entered into an indenture with respect to the Convertible Notes with Wilmington Trust, National Association, as trustee (the “Indenture”). The Convertible Notes are senior unsecured obligations of the Company and bear interest at a rate of 2.75% per year payable semiannually in arrears on June 1 and December 1 of each

Notes to the Condensed Consolidated Financial Statements (Unaudited)
For the Three and Nine Months Ended February 28, 2025

year, beginning on June 1, 2025. The Convertible Notes will mature on June 1, 2030, unless earlier converted, redeemed or repurchased in accordance with terms described below.

Prior to March 1, 2030, the Convertible Notes are convertible only upon the occurrence of certain events. On or after March 1, 2030 until the close of business on the second scheduled trading day immediately preceding the maturity date of the Convertible Notes, holders may convert the Convertible Notes at any time (the "Conversion Option"). The Convertible Notes are convertible into cash, shares of the Company's common stock or a combination of cash and shares of common stock, at the Company's election, subject to certain restrictions. The initial conversion rate is 102.5431 shares per \$1,000 principal amount of Convertible Notes (equivalent to an initial conversion price of approximately \$9.75 per share of common stock). The conversion rate is subject to customary anti-dilution adjustments. In addition, following certain events that occur prior to the maturity date or if the Company delivers a notice of redemption, the Company will increase the conversion rate for a holder who elects to convert its Convertible Notes in connection with such corporate event or notice of redemption.

Prior to December 1, 2027, the Company may not redeem the Convertible Notes. On or after December 1, 2027, the Company may redeem for cash all or any portion of the Convertible Notes, at its option, if the last reported sale price of the Company's common stock has been at least 130% of the conversion price then in effect for at least 20 trading days (whether or not consecutive), including the trading day immediately preceding the date on which the Company provides a notice of redemption, during any 30 consecutive trading day period ending on, and including, the trading day immediately preceding the date on which the Company provides notice of redemption. The redemption price will be equal to 100% of the principal amount of the Convertible Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the redemption date.

If the Company undergoes a "fundamental change," as defined in the Indenture, prior to maturity, subject to certain conditions, holders may require the Company to repurchase for cash all or any portion of their Convertible Notes at a fundamental change repurchase price equal to 100% of the principal amount of the Convertible Notes to be repurchased, plus any accrued and unpaid interest to, but excluding, the fundamental change repurchase date. The Indenture contains customary terms and covenants, including certain events of default.

In accounting for the issuance of the Convertible Notes, the Conversion Option of the Convertible Notes was deemed an embedded derivative requiring bifurcation from the Convertible Notes (the "host contract") and separate accounting as an embedded derivative liability, resulting from the Company not having the necessary number of authorized but unissued shares of its common stock available to settle the Conversion Option of the Convertible Notes in shares on the date of issuance. The proceeds from the Convertible Notes were first allocated to the embedded derivative liability and the remaining proceeds were then allocated to the host contract. On November 4, 2024, the issuance date, the fair value of the embedded derivative liability representing the Conversion Option was \$149.9 million and the remaining \$286.6 million was allocated to the host contract. As such, the Company recognized a \$13.5 million gain on change in fair value of debt at issuance.

Subsequently, on November 20, 2024, the stockholders of the Company approved an increase to the number of authorized shares of common stock to an amount sufficient to settle the Conversion Option of the Convertible Notes fully in shares. As a result of the increase to the number of authorized shares of common stock, the Company revalued the Conversion Option to its fair value as of November 20, 2024 of \$252.9 million and reclassified the embedded derivative to additional paid-in capital on its unaudited condensed consolidated balance sheets. In doing so, the Company recognized a \$103.0 million loss on change in fair value of debt as of November 20, 2024. This loss combined with the gain recognized at issuance resulted in a total loss on fair value of debt of \$89.6 million which is included on the unaudited condensed consolidated statements of operations.

As of February 28, 2025, the embedded Conversion Option derivative is included in additional paid-in capital in the unaudited condensed consolidated balance sheets and is not required to be remeasured provided the requirements to qualify for the scope exception in ASC 815-10-15-74(a) continue to be met.

Prepaid Forward Repurchase Transaction

In connection with the offering of the Convertible Notes, the Company entered into a privately negotiated prepaid forward repurchase transaction (the “Prepaid Forward”) with one of the initial purchasers (the “Forward Counterparty”). Pursuant to the Prepaid Forward and the Indenture, the Company used approximately \$52.7 million of the net proceeds from the offering of the Convertible Notes to fund the Prepaid Forward. The initial aggregate number of shares of common stock underlying the Prepaid Forward was approximately 7.2 million shares of common stock. The maturity date for the Prepaid Forward is November 3, 2025, although it may be settled earlier in whole or in part.

As of February 28, 2025, the purchase price of the Prepaid Forward is included in additional paid-in capital in the unaudited condensed consolidated balance sheets and is not required to be remeasured provided the requirements to qualify for the scope exception in ASC 815-10-15-74(a) continue to be met.

Capped Call Transaction

In connection with the offering of the Convertible Notes, the Company entered into privately negotiated capped call transactions (the “Base Capped Call Transactions”) with certain financial institutions (the “Option Counterparties”). In addition, in connection with the initial purchasers’ exercise of their option to purchase additional Convertible Notes, the Company entered into additional capped call transactions (the “Additional Capped Call Transactions,” and, together with the Base Capped Call Transactions, the “Capped Call Transactions”) with each of the Option Counterparties. The Company used approximately \$51.8 million of the net proceeds from the offering of the Convertible Notes to pay the cost of the Capped Call Transactions.

The Capped Call Transactions cover, subject to customary anti-dilution adjustments, the aggregate number of shares of common stock that initially underlie the Convertible Notes, and are expected generally to reduce potential dilution to the common stock upon any conversion of the Convertible Notes and/or offset any cash payments the Company is required to make in excess of the principal amount of converted Convertible Notes, as the case may be, with such reduction and/or offset subject to a cap, based on the cap price of the Capped Call Transactions, which is defined as \$14.72. The Capped Call Transactions are separate transactions entered into by the Company and are not part of the terms of the Convertible Notes.

As of February 28, 2025, the purchase price of the Capped Call Transaction is included in additional paid-in capital in the unaudited condensed consolidated balance sheets and is not required to be remeasured provided the requirements to qualify for the scope exception in ASC 815-10-15-74(a) continue to be met.

Macquarie Promissory Note

On November 27, 2024, APLD ELN-02 Holdings LLC, a wholly-owned subsidiary of the Company, entered into a promissory note with Macquarie Equipment Capital, Inc. (the “Macquarie Promissory Note”). The Macquarie Promissory Note provided for a loan of \$150 million and matures on the earlier of (i) the date of acceleration of the loan or (ii) May 27, 2026. However, to the extent that the ELN-02 Project (as defined therein) was not completed by December 6, 2025, the Company must repay the full outstanding principal balance of the Macquarie Promissory Note together with accrued interest and any other amounts then due and payable. Additionally, the Macquarie Promissory Note had a multiple on invested capital (“MOIC”) of (i) 1.11 to 1.00 if such prepayment occurred on or prior to the date that is four months after the closing date, (ii) 1.20 to 1.00 if such prepayment occurred after the date that is four months after the closing date but on or prior to the date that is seven months after the closing date, or (iii) 1.35 to 1.00 if such prepayment occurred after the date that is seven months after the closing date. The same 1.35x return hurdle applied to repayment at maturity. The Company recorded a MOIC liability of \$16.5 million, representing the value of the MOIC liability the day after the closing date. Proceeds of the loan under the Macquarie Promissory Note were used, in part, to repay in full and terminate the CIM Promissory Note. Commensurate with the use of proceeds associated with construction from the Macquarie Promissory Note, the Company will capitalize approximately 90% of the interest expense recognized each period. Additionally, proceeds were used to satisfy remaining obligations of the Company under the March Note.

As partial consideration for the Macquarie Promissory Note, the Company issued warrants (the “Macquarie Warrants”) to purchase up to 1,035,197 shares of the Company’s common stock. The Macquarie Warrants will be exercisable from and

APPLIED DIGITAL CORPORATION AND SUBSIDIARIES

after the date that is six months following the date of issuance thereof and will have a five and one-half-year term and an exercise price of \$9.66 per share, which exercise price must be paid in cash.

The Macquarie Warrants were measured at fair value using a Black-Scholes Option Pricing model. Inherent in pricing models are assumptions related to expected share-price volatility, expected life, risk-free interest rate and dividend yield, which are considered Level 3 inputs. The estimated fair value of the Macquarie Warrants was based on the following significant inputs:

	Macquarie Warrants
Contractual term	5.5 years
Volatility	95 %
Risk-free rate	4.08 %
Dividend yield	— %

The fair value of the Macquarie Warrants was \$7.38 per warrant, totaling \$7.6 million which was recorded as additional paid-in capital on the Company's unaudited condensed consolidated balance sheets. The Company deferred the recognition of the fair value of the Macquarie Warrants as a reduction in the net carrying amount of the Macquarie Promissory Note and subsequently amortized this balance into interest expense or CIP, as noted above, using the effective interest rate method.

On February 11, 2025, in connection with the Company's entry into the SMBC Credit Agreement (as defined below) and receipt by the Company of the proceeds related thereto (as described below), the Company repaid the Macquarie Promissory Note in full, including all outstanding and unpaid principal, accrued interest, and multiple on invested capital. As a result, there was a loss on the extinguishment of the Macquarie Promissory Note of \$11.8 million. Commensurate with the use of proceeds associated with construction from the Macquarie Promissory Note, the Company capitalized approximately 90%, or \$10.6 million, to CIP and the remainder, 10%, or \$1.2 million, was recorded to loss on extinguishment of debt on the unaudited condensed consolidated statements of operations. The Macquarie Warrants survived the termination of the Macquarie Promissory Note and remain outstanding as of February 28, 2025.

SMBC Credit Agreement

On February 11, 2025, APLD HPC Holdings LLC, a wholly-owned subsidiary of the Company, entered into a credit and guaranty agreement (the "SMBC Credit Agreement") with Sumitomo Mitsui Banking Corporation ("SMBC"). The SMBC Credit Agreement provides for an aggregate of \$375 million of term loans, which includes base rate loans and SOFR loans, and matures 18 months after the closing date. Base rate loans bear interest at the base rate plus (i) 2.50% from the closing date until the six month anniversary of the closing date, (ii) 3.50% after the six month anniversary of the closing date until the one year anniversary of the closing date, and (iii) 4.50% after the one year anniversary of the closing date while SOFR loans bear interest at the daily simple SOFR plus (i) 3.50% from the closing date until the six month anniversary of the closing date, (ii) 4.50% after the six month anniversary of the closing date until the one year anniversary of the closing date, and (iii) 5.50% after the one year anniversary of the closing date.

The Company may voluntarily prepay all or any part of the loans at any time or from time to time without premium or penalty with no less than three business days' notice. Additionally, as more particularly described in the credit agreement and the certain collateral agency, security and depositary agreement, the Company is required to prepay all or a part of the loans under certain circumstances. Amounts repaid under the Loans will not be available to be re-borrowed.

The Company used the proceeds of the loans to (i) prepay in full the Macquarie Promissory Note, (ii) pay for certain data center project development costs at the Ellendale Campus, and (iii) fund the Interest Reserve Account as defined in the SMBC Credit Agreement. Remaining proceeds have been deposited into a separate bank account for future construction costs at the Ellendale Campus. Commensurate with the use of proceeds associated with construction, the Company will capitalize 100% of the interest expense recognized each period.

The STB Warrant was measured at fair value using a Black-Scholes Option Pricing model. The two plans consist of the 2022 Incentive Plan, previously referred to in the Company's SEC filings as the 2021 Incentive Plan (the "Incentive Plan"), which provides for grants of various equity awards to the Company's employees and consultants, and the 2022 Non-Employee Director Stock Plan previously referred to in the Company's SEC filings as the 2021 Non-Employee Director Stock Plan (the "Director Plan" and, together with the Incentive Plan, the "2022 Plans"), which provides for grants of restricted stock to non-employee directors and for deferral of cash and stock compensation if such deferral provisions are activated at a future date.

Performance Stock Units

Performance stock units (“PSUs”) represent a right to receive a certain number of shares of common stock based on the achievement of company performance goals and continued employment during the vesting period. Performance stock units cliff-vest at the end of a service period of three years depending on the achievement of performance measures at the end of each vesting period. Such performance measures are based on the Company entering into data center leases with a hyperscaler, the consummation of project financing, and receipt of sustainable revenue with respect to the data center leases that implies positive net operating income. The fair value of PSUs is based on the closing price on the date of grant. The compensation expense related to these PSUs is recognized over the vesting period when the achievement of the performance conditions becomes probable. The total compensation cost for the PSUs is determined based on the most likely outcome of the performance condition and the number of awards expected to vest. During the three months ended August 31, 2024, the Board determined that the performance criteria associated with certain performance stock units granted to certain executives in the third fiscal quarter of 2024 were not met. As such, 2.8 million performance stock unit awards were cancelled and the Company recognized a reversal of the expense previously recognized for the awards of approximately \$6.0 million during the nine-months ended February 28, 2025.

During the three and nine months ended February 28, 2025, the Company declared and paid approximately \$0.2 million and \$0.4 million, respectively, of dividends related to Series E Preferred Stock as presented on the unaudited condensed consolidated statements of operations.

The Series E Preferred Stock ranks senior to all classes of common stock and junior to all existing and future debt of the Company. Additionally, it is on parity with any future series of preferred stock with substantially identical terms but may rank junior to any future series of preferred stock if the holders of such series are entitled to rights and preferences with priority over the holders of the Series E Preferred Stock. In the event of liquidation, holders are entitled to receive \$25.00 per share (the "Series E Stated Value") plus any accrued but unpaid dividends before any distributions are made to common stockholders. The Series E Preferred Stock has no stated maturity and remains outstanding indefinitely unless redeemed or repurchased by the Company.

Holders may require the Company to redeem any portion of their Series E Preferred Stock at any time for a "Settlement Amount" calculated as the Series E Stated Value plus any unpaid dividends, less a Holder Optional Redemption Fee, equal to a percentage of the Series E Stated Value based on the year when the redemption occurs as follows: 9.00% prior to the first anniversary of the respective tranche closing date (the "Original Issuance Date"); 7.00% on or after the first anniversary but prior to the second anniversary of the Original Issuance Date; 5.00% on or after the second anniversary but prior to the third anniversary of the Original Issuance Date; and 0.00% on or after the third anniversary of the Original Issuance Date. The Settlement Amount can be settled in cash or shares of common stock, subject to a share cap, which limits the total shares deliverable upon redemption to 19.99% of the common stock outstanding prior to the Series E Preferred Stock offering (25,475,751 shares, the "Share Cap"). Any portion of the Settlement Amount exceeding this cap will be settled in cash.

The Company may also redeem shares of Series E Preferred Stock after the second anniversary of the original issuance date, with a minimum notice of 10 days, at the Company Optional Redemption Settlement Amount, which is equal to the Series E Stated Value per share plus any unpaid and accrued dividends. If the Company elects to pay the redemption amount in shares, then the number of shares to be delivered will be calculated as the Company Optional Redemption Settlement Amount divided by the closing price per share of the common stock on the date of the Company Optional Redemption exercise, subject to the Share Cap.

The Series F Convertible Preferred Stock ranks senior to all classes of common stock and junior to all existing and future debt of the Company. In the event of liquidation, holders are entitled to receive the Series F Stated Value plus any accrued but unpaid dividends before any distributions are made to common stockholders. Series F Convertible Preferred Stock is on parity with the Series E Preferred Stock, Series E-1 Preferred Stock and any future series of preferred stock with substantially identical terms. Upon the receipt of shareholder approval on November 20, 2024, the Series F Convertible Preferred Stock votes on an as-converted basis, subject to a cap equal to the greater of (x) the conversion price then in effect or (y) \$4.0638.

Holders have the right to require the Company to redeem the Series F Convertible Preferred Stock under certain conditions, including a Change of Control or Trading Failure, each as defined in the Series F Convertible Preferred Stock certificate of designation. If there is a Change of Control, the redemption price is the greater of the Series F Stated Value or the amount that would have been received if the Series F Convertible Preferred Stock had been converted into common stock immediately prior to the redemption event. If there is a Trading Failure, the redemption price is the greater of the Series F Stated Value or the product of the lowest conversion price during the period beginning on the date immediately preceding the Trading Failure and ending on the date the holder delivers a Redemption Notice, multiplied by the number of shares of common stock into which the preferred stock is convertible at the then-effective conversion price. Additionally, holders have a one-time right to require the Company to redeem their shares between December 31, 2024, and January 10, 2025 in which case the redemption price is the Series F Stated Value.

Further, upon receipt of shareholder approval of the conversion feature of the Series F Convertible Preferred Stock, which approval was received on November 20, 2024, if the VWAP for any 20 Trading Days during any 30 consecutive trading day period, beginning with the original issuance date of the applicable preferred stock, exceeds two hundred percent (200%) of the conversion price then in effect, the Company may, at any time cause the holder to convert all or part of the holder's preferred stock.

During the three months ended February 28, 2025, 43,000 shares of Series F Convertible Preferred Stock were converted into approximately 6.1 million shares of the Company's common stock. During the nine months ended February 28, 2025, all 53,191 shares of Series F Convertible Preferred Stock were converted into approximately 7.6 million shares of the Company's common stock. As of February 28, 2025, there is no outstanding Series F Convertible Preferred Stock.

Series E-1 Redeemable Preferred Stock

On September 23, 2024, the Company entered into a dealer manager agreement for the offering of up to 62,500 shares of Series E-1 Redeemable Preferred Stock, par value \$0.001 per share ("Series E-1 Preferred Stock"), at a price per share of \$1,000 (the "Series E-1 Stated Value"). During the three months ended February 28, 2025, the Company closed on four offerings of the Series E-1 Preferred Stock, in which the Company issued and sold 33,404 shares for gross proceeds of

APPLIED DIGITAL CORPORATION AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements (Unaudited)

\$33.4 million for a total of six offerings during the nine months ended February 28, 2025, in which the Company issued 39,763 shares for gross proceeds of \$39.8 million. The Series E-1 Preferred Stock offering remains ongoing as of the date of this report.

The shares of Series E-1 Preferred Stock have no voting or conversion rights. Holders of the Series E-1 Preferred Stock are entitled to receive cumulative dividends at a fixed rate of 9.0% per annum of the Series E-1 Stated Value. Dividends are calculated based on a 360-day year, declared and accrued monthly, and payable at the discretion of the Board of Directors out of legally available funds. Dividends on the shares of Series E-1 Preferred Stock must be fully paid for all past periods before any distributions can be made to common stockholders or any junior series of equity securities. During the three and nine months ended February 28, 2025, the Company declared and paid approximately \$0.4 million and \$0.4 million, respectively, of dividends related to the Series E-1 Preferred Stock as presented on the unaudited condensed consolidated statements of operations.

The Series E-1 Preferred Stock ranks senior to all classes or series of common stock and junior to all existing and future debt of the Company. Additionally, the Series E-1 Preferred Stock is on parity with the Series E Preferred Stock, the Series F Convertible Preferred Stock and any future series of preferred stock with substantially identical terms but may rank junior to any future series of preferred stock if the holders of such series are entitled to rights and preferences with priority over the holders of the Series E-1 Preferred Stock. In the event of liquidation, holders of the Series E-1 Preferred Stock and holders of shares of any other class or series of capital stock ranking senior to or on a parity with the Series E-1 Preferred Stock, are entitled to receive an amount per share equal to the Series E-1 Stated Value plus an amount per share that is issuable as a result of any accrued but unpaid dividends before any distributions are made to common stockholders. The Series E-1 Preferred Stock has no stated maturity and remains outstanding indefinitely unless redeemed or repurchased by the Company.

Holders may require the Company to redeem any portion of their Series E-1 Preferred Stock at any time for a "Settlement Amount" calculated as the Series E-1 Stated Value plus any unpaid dividends, less a Holder Optional Redemption Fee equal to a percentage of the Series E-1 Stated Value based on the year when the redemption occurs as follows: 9.00% prior to the first anniversary of the respective tranche closing date (the "Original Issuance Date"); 7.00% on or after the first anniversary but prior to the second anniversary of the Original Issuance Date; 5.00% on or after the second anniversary but prior to the third anniversary of the Original Issuance Date; and 0.00% on or after the third anniversary of the Original Issuance Date. The Settlement Amount can be settled in cash or shares of common stock at the sole option of the Company, subject to a share cap (if required by Nasdaq rules and regulations), which limits the total shares deliverable upon redemption to 19.99% of the common stock outstanding immediately prior to the Series E-1 Preferred Stock offering (25,889,470 shares, the "Share Cap"), unless approval by the Company's stockholders is obtained to exceed the Share Cap. Any portion of the Settlement Amount exceeding this cap will be settled in cash. Holders may not redeem any shares of Series E-1 Preferred Stock for common stock prior to the first anniversary of the Original Issuance Date.

The Company may also redeem shares of the Series E-1 Preferred Stock after the second anniversary of the Original Issuance Date, with a minimum notice of 10 days, at a redemption price equal to the Series E-1 Stated Value plus any accrued but unpaid dividends. If the Company elects to pay the redemption amount in shares, then the number of shares to be delivered will be calculated as the Settlement Amount divided by the closing price per share of the common stock on the last trading day prior to the date upon which notice was provided to the holder, subject to the Share Cap, if applicable.

9. Leases

From time to time, the Company enters into leases for equipment, office space and co-location space. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants. The Company presents operating and finance lease right of use assets and liabilities separately on the unaudited condensed consolidated balance sheets as their own captions, with the liabilities split between current and long-term.

10. Commitments and Contingencies

Commitments

Energy Contracts

As of February 28, 2025, the Company had a minimum commitment of approximately \$54.2 million related to the energy services agreement for its Jamestown, North Dakota co-hosting facility payable over, approximately, the next 1.9 years.

Construction Contracts

The Company routinely engages with construction vendors for the construction of our facilities. These engagements are governed by contracts containing standard terms and conditions, including certain milestones that obligate the Company to pay as work is completed. In the event of termination of any of these contracts by the Company, the Company would be liable for all work that has been completed or in process, plus any applicable fees. The Company generally has the right to cancel these open purchase orders prior to delivery or terminate the contracts without cause.

Claims and Litigation

From time to time, the Company may be involved in litigation relating to claims arising out of operations in the normal course of business.

Securities Lawsuit

The Company, Wes Cummins, the Company's Chief Executive Officer, and David Rench, the Company's then Chief Financial Officer, have been named as defendants in a putative securities class action lawsuit in the matter styled, *McConnell v. Applied Digital Corporation, et al.*, Case No. 3:23-cv-1805, filed in August 2023 in the U.S. District Court for the Northern District of Texas (the "Securities Lawsuit"). Specifically, the complaint asserts claims pursuant to Section 10(b) and 20(a) of the Securities and Exchange Act of 1934 based on allegedly false or misleading statements regarding the company's business, operations, and compliance policies, including claims that the Company overstated the profitability of its Data Center Hosting Business and its ability to successfully transition into a low-cost cloud services provider and that the Company's board of directors was not "independent" within the meaning of Nasdaq listing rules. On May 22, 2024, the court appointed lead plaintiff and approved lead counsel, and on July 22, 2024, Lead Plaintiff filed an amended complaint which asserts the same claims based on similar allegations in the original complaint. On September 20, 2024, the defendants filed a motion to dismiss the amended complaint. On November 20, 2024, Lead Plaintiff filed his opposition to the Motion to Dismiss. On January 3, 2025, the defendants filed their reply in further support of the Motion to Dismiss.

The Company is unable to estimate a range of loss, if any, that could result were there to be an adverse final decision in the Securities Lawsuit. If an unfavorable action were to occur, it is possible that the impact could be material to the Company's results of operations in the period(s) in which any such outcome becomes probable and estimable.

Derivative Lawsuit

On November 15, 2023, a derivative action was filed in the matter styled, *Weich v. Cummins, et al.*, Case No. A-23-881629-C in the District Court of Clark County, Nevada (the "Derivative Lawsuit"). The Weich complaint named as defendants certain members of the Company's Board of Directors and its Chief Executive Officer Wesley Cummins and purports to name the Company's then Chief Financial Officer David Rench as a defendant. The complaint asserted claims for breach of fiduciary duties, corporate waste and unjust enrichment based upon allegations that the defendants caused or allowed the Company to make materially false and misleading statements regarding the Company's business, operations, and compliance policies. Specifically, the complaint alleged that the Company overstated the profitability of the Data Center Hosting Business and its ability to successfully transition into a low-cost cloud services provider and that the Board was not "independent" within the meaning of Nasdaq listing rules. On February 27, 2024, the derivative plaintiff filed an amended complaint asserting the same claims as the original complaint.

On June 5, 2024, following briefing and argument on the defendants' motion to dismiss the Derivative Lawsuit, the Court entered an order granting the defendants' motion without prejudice and dismissing all claims against all defendants, including the Company, on the grounds that the plaintiff failed to plead (1) demand futility as to each of plaintiff's claims

Notes to the Condensed Consolidated Financial Statements (Unaudited)
For the Three and Nine Months Ended February 28, 2025

or (2) a claim for breach of fiduciary duty. The order dismissed all claims against all defendants, including the Company. The plaintiff can seek leave to file an amended complaint but to date has not done so.

The Company is unable to estimate a range of loss, if any, that could result were there to be an adverse final decision in this action. If an unfavorable action were to occur, it is possible that the impact could be material to the Company's results of operations in the period(s) in which any such outcome becomes probable and estimable.

As of February 28, 2025, there were no other pending or threatened lawsuits that could reasonably be expected to have a material effect on the results of the Company's consolidated operations. There are also no legal proceedings in which any of the Company's management or affiliates is an adverse party or has a material interest adverse to the Company's interest.

12. Earnings Per Share

Basic net income (loss) per share ("EPS") of common stock is computed by dividing a company's net earnings (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted EPS reflects the potential dilution that could occur if the securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of the entity.

Potentially dilutive securities are excluded from the computation of diluted net loss per share as their inclusion would be anti-dilutive. The table below shows the calculation for earnings per share:

As of February 28, 2025 and February 29, 2024, the Company had approximately 10.9 million and 11.9 million shares, respectively, of granted but unvested restricted stock, performance stock, and restricted stock units that would have a potentially dilutive effect on earnings per share.

As of February 28, 2025, the Company had approximately 5.9 million shares associated with the Company's preferred stock which have been excluded from the calculation of earnings per share because the effect of those shares would be antidilutive. Additionally, the Company had approximately 4.0 million warrants outstanding as of February 28, 2025, which have been excluded from the calculations of earnings per share because the effect of those shares would be antidilutive.

13. Subsequent Events

Potential Sale of Cloud Services Business

During the quarter ended February 28, 2025, the Company began discussions for the possible sale of the Cloud Services Business and on February 26, 2025, the Board of Directors approved the negotiation of a potential transaction. As of April 10, 2025, the Company determined that the Cloud Services Business met the criteria to be classified as "held for sale," as the Board of Directors approved further plans for the sale of the segment. The potential sale of the Cloud Services Business represents a strategic shift in the Company's operations and financial results. As such, beginning in the fourth quarter of fiscal 2025, the Company will report the Cloud Services Business as discontinued operations.

Forward-Looking Statements

This Quarterly Report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, that involve substantial risks and uncertainties. You can identify these forward-looking statements through our use of words such as “will,” “may,” “can,” “anticipate,” “assume,” “should,” “indicate,” “would,” “believe,” “contemplate,” “expect,” “seek,” “estimate,” “continue,” “plan,” “point to,” “project,” “predict,” “could,” “intend,” “target,” “potential” and other similar words and expressions of the future. Statements that contain these words and other statements that are forward-looking in nature should be read carefully because they discuss future expectations, contain projections of future results of operations or of financial positions, or state other “forward-looking” information.

These statements are based on our management’s beliefs and assumptions, which are based on currently available information. Our actual results, and the assumptions on which we relied, could prove materially different from our expectations. You are cautioned not to place undue reliance on forward-looking statements. Except as otherwise may be required by law, we undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or actual operating results. There are a number of important factors that could cause our actual results to differ materially from those expressed in any forward-looking statement made by us. These factors include, but are not limited to:

- our ability to complete construction of the first 100 MW HPC facility in Ellendale, North Dakota (the “Ellendale HPC Facility”);
- our ability to complete the negotiation and execution of the definitive transaction documents required to close the UPA (as defined below);
- our dependence on principal customers, including our ability to execute leases with key customers, including leases for our 400 MW Ellendale, North Dakota datacenter campus (the “Ellendale Campus”);
- availability of financing to continue to grow our business;
- labor and other workforce shortages and challenges;
- power or other supply disruptions and equipment failures;
- the addition or loss of significant customers or material changes to our relationships with these customers;
- delays or denials of entitlements or permits, including zoning, siting, utility and other permits, or other delays resulting from requirements of public agencies and utility companies;
- our sensitivity to general economic conditions including changes in disposable income levels and consumer spending trends;
- our ability to timely and successfully build new hosting facilities with the appropriate contractual margins and efficiencies;
- our ability to continue to grow sales in our hosting business;
- volatility of cryptoasset prices; and
- uncertainties of cryptoasset regulation policy.

You should carefully review the risks described in Item 1A of the Company’s Annual Report on Form 10-K for the year ended May 31, 2024, which was filed with the SEC on August 30, 2024, as supplemented by the Risk Factors included in Exhibit 99.2 to the Company’s Form 8-K filed with the SEC on November 5, 2024 and the Company’s Form 10-Q for the quarter ended November 30, 2024 filed with the SEC on January 14, 2025, as well as any other cautionary language in this Quarterly Report on Form 10-Q, as the occurrence of any of these events could have an adverse effect, which may be material, on our business, results of operations, financial condition or cash flows.

Moreover, we operate in an evolving environment. New risk factors and uncertainties emerge from time to time, and it is not possible for our management to predict all risk factors and uncertainties, nor are we able to assess the impact of all of these risk factors on our business or the extent to which any risk factor, or combination of risk factors, may cause actual results to differ materially from those contained in any forward-looking statements. These risks are not exhaustive.

Executive Overview

The following discussion and analysis should be read in conjunction with our unaudited condensed consolidated financial statements and the related notes and other financial information included elsewhere in this Quarterly Report on Form 10-Q.

Business Overview

We are a U.S. designer, developer, and operator of next-generation digital infrastructure across North America. We provide digital infrastructure solutions and Cloud services to the rapidly growing industries of High-Performance Computing ("HPC") and Artificial Intelligence ("AI"). We operate in three distinct business segments, Blockchain data center hosting (the "Data Center Hosting Business"), cloud services primarily through a wholly-owned subsidiary (the "Cloud Services Business") and HPC data center hosting (the "HPC Hosting Business"), as further discussed below.

Trends and Other Factors Affecting Our Business

Regulatory Environment

The regulatory landscape surrounding HPC, cloud, and blockchain hosting services is evolving rapidly, and we anticipate increased scrutiny and potential regulation in the near and long term. These developments may significantly impact our business and operations in ways that are difficult to predict.

In the realm of cloud computing, there are growing concerns about the ethical implications and potential misuse of these technologies, particularly in association with AI and machine learning. Governments and regulatory bodies are considering measures to ensure the responsible development and deployment of AI systems, including transparency, accountability, and fairness guidelines.

The amount of energy used for crypto mining and co-location services has recently received increased attention. In January 2024, the U.S. Energy Information Administration conducted an emergency survey of electricity consumption data from cryptocurrency mining companies in the U.S. This indicates that more focus is being placed on the energy usage of these activities. It is unclear how the information collected will be used for future regulations, but it is expected that energy efficiency and sustainability will become more critical factors regulating this industry.

Furthermore, using digital assets, including Bitcoin, in illicit financial activities has become a significant concern for regulators and lawmakers. Leaders in the U.S. House Financial Services Committee and U.S. Senate Banking Committee expressed interest in passing legislation to provide additional regulatory authority to address these risks. The U.S. Treasury Department has also requested additional authorities to combat using digital assets in illegal activities. While there is currently insufficient support for any particular proposal, we expect that regulatory efforts in this area will continue to evolve and potentially impact our business.

We also closely follow developments related to regulating digital asset markets and financial services. In January 2024, the SEC approved a series of spot Bitcoin exchange-traded funds (ETFs), marking a significant milestone in the mainstream adoption of digital assets. However, the regulatory landscape for digital asset markets remains complex and uncertain, with various agencies and lawmakers proposing different approaches to oversight and regulation. In January 2025, President Donald Trump issued an executive order establishing a presidential working group focused on regulatory clarity for digital assets, and on March 6, 2025, he signed an executive order establishing a Strategic Bitcoin Reserve and a U.S. Digital Asset Stockpile. Legislative bodies in both chambers of Congress have also announced a bipartisan working group with the stated objective of drafting comprehensive legislation to regulate digital assets, and multiple hearings have been held on the subject of fair access to financial services for digital asset companies. Future legislation or rulemaking - whether related to energy consumption, environmental compliance, or digital asset classification - could have a material adverse effect on our business, financial condition, or results of operations.

As a company operating at the intersection of data center, cloud and HPC hosting services, we are committed to maintaining a proactive and adaptive approach to regulatory compliance. We closely monitor legislative and regulatory developments and engage in dialogue with relevant stakeholders to ensure our business practices align with the evolving legal and regulatory framework. Despite the uncertainties posed by the changing regulatory landscape, we remain committed to delivering innovative and responsible solutions in the data center, cloud and HPC hosting markets while prioritizing compliance and risk management. However, if we fail to comply with applicable laws and regulations, we may be subject to significant liabilities, including fines and penalties, and our business, financial condition, or results of operations could be adversely affected.

Critical Accounting Estimates

Our unaudited condensed consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). In connection with the preparation of our financial statements, we are required to make assumptions and estimates about future events and apply judgments that affect the

reported amounts of assets, liabilities, revenue, expenses and the related disclosures. We base our assumptions, estimates and judgments on historical experience, current trends and other factors that management believes to be relevant at the time our unaudited condensed consolidated financial statements are prepared. On a regular basis, management reviews the accounting policies, assumptions, estimates and judgments to ensure that our financial statements are presented fairly and in accordance with GAAP. However, because future events and their effects cannot be determined with certainty, actual results could differ from our assumptions and estimates, and such differences could be material. Our critical accounting estimates are identified and described in our annual consolidated financial statements and the related notes included in our Annual Report on Form 10-K and our subsequent Quarterly Reports on Form 10-Q.

Business Update

Data Center Hosting Business

Our Data Center Hosting Business operates data centers to provide energized space to crypto mining customers.

As of February 28, 2025, our 106 MW facility in Jamestown, North Dakota and our 180 MW facility in Ellendale, North Dakota continue to operate at full capacity.

Cloud Services Business

Our Cloud Services Business provides high-performance computing power for artificial intelligence and machine learning applications. Near the end of the fiscal year 2024, equipment began generating revenue resulting in us recognizing \$17.8 million and \$71.3 million from this business segment during the three and nine months ended February 28, 2025, respectively. We currently operate our Cloud Services Business in four states: Colorado, Minnesota, Nevada and Utah, by renting space at third party colocation centers and providing our customers with Company-owned equipment to generate revenue. As of February 28, 2025, this business segment had two customers and generated 34% of total revenue for the fiscal quarter ended February 28, 2025.

During the three months ended November 30, 2024, we renegotiated the majority of our computing equipment finance leases in the Cloud Services Business to extend the amortization period on these computing equipment finance leases to five years, which is better aligned with their expected useful life. As such, during the three months ended February 28, 2025, amortization expense for this business segment decreased compared to previous quarters. Additionally, we transitioned two GPU clusters from reserved compute to on-demand service contracts during the three months ended February 28, 2025.

HPC Hosting Business

Our HPC Hosting Business designs, builds, and operates next-generation data centers, which are being designed to provide massive computing power and support to HPC applications within a cost-effective model. During the prior fiscal year, we broke ground on our Ellendale HPC Facility. The new 369,000-square-foot building is expected to provide ultra-low cost and highly efficient liquid-cooled infrastructure for HPC applications.

As previously disclosed and as further discussed below, on January 13, 2025, APLD HPC Holdings LLC (“APLDH”), our indirect wholly owned subsidiary, entered into a Unit Purchase Agreement (as amended, the “Unit Purchase Agreement” or “UPA”) for our HPC Hosting Business with MIP VI HPC Holdings, LLC, which is an affiliate of funds and investment vehicles managed by entities within Macquarie Asset Management (“MAM”). The closing under the UPA is subject to certain closing conditions, including, APLDH executing a lease with a hyperscaler for the first 100 MW on the Ellendale Campus, in a form acceptable to MAM, the parties finalizing and executing a limited liability company agreement for APLDH (the “LLCA”), for us and APLDH to carry out an internal restructuring to segregate the HPC Hosting Business’ assets and liabilities before closing (the “Internal Restructuring”), as well as customary closing conditions. As set forth in an amendment to the UPA, entered into by the parties, effective as of April 4, 2025, the parties extended the dates (i) to finalize the form of the LLCA (save for certain specified exhibits thereto) to April 7, 2025, (ii) to finalize the plan for the Internal Restructuring plan and the form of the Corporate Services Agreement to April 18, 2025, and (iii) by which either party may terminate the UPA if closing has not occurred, from July 13, 2025 to October 13, 2025. As of the date of this report, the terms of the LLCA (as disclosed below) have been finalized by the parties, which document is required to be executed and delivered at closing.

We continue negotiations with multiple US-based hyperscalers for up to a 400 MW capacity lease, inclusive of the Ellendale HPC Facility under construction and two forthcoming buildings at the Ellendale Campus. We also are in advanced discussions with traditional financing counterparties to facilitate construction activities.

Management Updates

On January 6, 2025, we welcomed Laura Laltrello as our Chief Operating Officer. As an inducement to Ms. Laltrello accepting this position, we granted her an employment inducement award of 600,000 RSUs, outside of the Company's 2024 Omnibus Equity Incentive Plan, in accordance with Rule 5635(c)(4) of the Nasdaq Stock Market LLC.

Effective January 31, 2025, David Rench transitioned from his prior role of Chief Administrative Officer to become a consultant at the Company. Additionally, Michael Maniscalco, the Company's Chief Technology Officer, resigned from the Company, effective January 31, 2025.

Debt and Equity Offerings and Changes to Equity

CIM Arrangement

As previously reported, on June 7, 2024, APLD Holdings 2 LLC ("APLD Holdings"), our subsidiary, entered into a promissory note (as amended, the "CIM Promissory Note") with CIM APLD Lender Holdings, LLC (the "CIM Lender"). The CIM Promissory Note provides for an initial borrowing of \$15 million, which was drawn on June 7, 2024, and subsequent borrowings of up to \$110 million (the "Subsequent Tranches"), available subject to the satisfaction of certain conditions as outlined in the CIM Promissory Note. In addition to the initial borrowing, the CIM Promissory Note includes an accordion feature that allows for up to an additional \$75 million of borrowings. Principal amounts repaid under the CIM Promissory Note will not be available for reborrowing. On August 11, 2024, we and the CIM Lender entered into a waiver agreement (the "Waiver Agreement"), whereby the CIM Lender agreed to waive the satisfaction of certain conditions for the subsequent borrowings, allowing us to draw an additional \$20 million (net of original discount and fees) of borrowings under the CIM Promissory Note.

As consideration for the CIM Promissory Note, we agreed to issue to the CIM Lender warrants to purchase up to an aggregate of 9,265,366 shares of common stock. The warrants were issuable in two tranches, (i) for the purchase of up to 6,300,449 shares of common stock (the "Initial Warrants"), and (ii) for the purchase of up to 2,964,917 shares of common stock (the "Additional Warrants"). The Initial Warrants were issued on June 17, 2024 and the Additional Warrants were issued August 11, 2024 (as consideration for entry into the Waiver Agreement). On October 8, 2024, we entered into the First Amendment to the Promissory Note and Waiver Agreement (the "CIM Amendment") with the CIM Lender, which amended the CIM Promissory Note to, among other things, extend the availability period thereunder, and draw the remaining \$20 million (net of original discount and fees) of borrowings of the Subsequent Tranches available under the CIM Promissory Note.

During the quarter ended February 28, 2025, 2.3 million of the CIM Warrants were exercised on a cashless basis for approximately 1.1 million shares of the Company's common stock in a net settlement transaction. A total of 9.3 million warrants exercised on a cashless basis for approximately 4.9 million shares of the Company's common stock in a net settlement transaction during the nine months ended February 28, 2025. As of February 28, 2025, there are no CIM Warrants outstanding.

On November 27, 2024, in connection with the issuance of the Macquarie Promissory Note (as defined and described below) and the receipt by us of the proceeds related thereto, we repaid the CIM Promissory Note in full, including all outstanding and unpaid principal, accrued interest, fees, and expenses.

Yorkville

During the fiscal year ended May 31, 2024, we entered into two prepaid advance agreements with YA II PN LTD ("YA Fund") for promissory notes totaling \$92.1 million (collectively, the "YA Notes").

On October 29, 2024, we entered into certain amendments to the Prepaid Advance Agreement between us and YA Fund entered into on March 27, 2024 (the "March PPA") and the promissory note issued in connection therewith (the "March Note"). The amendments (i) provided consent to the Convertible Notes (as defined below) offering and share repurchase transactions, and (ii) removed certain prior restrictions on redemption of the March Note before January 1, 2025.

During the nine months ended February 28, 2025, an aggregate of \$71.3 million of the YA Notes had been converted, in exchange for the issuance by us of 19.1 million shares of our common stock to YA Fund, and the aggregate principal amount outstanding under the March Note was \$4.8 million. As YA Fund had converted the maximum amount of shares allowable under the Nasdaq rules and regulations, the remaining balance of \$4.8 million was payable in cash. During the quarter ended February 28, 2025, the Company repaid the \$4.8 million in full, including all outstanding and unpaid

principal, accrued interest, fees, and expenses, as well as the \$2.1 million Commitment Fee under the SEPA (each as defined and described below).

Convertible Notes

On November 4, 2024, we completed a private offering of 2.75% Senior Unsecured Convertible Notes due 2030 (the "Convertible Notes") to persons reasonably believed to be qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"). The aggregate principal amount of Convertible Notes sold in the offering was \$450 million, which included \$75 million aggregate principal amount issued pursuant to the initial purchasers' fully exercised option. The Convertible Notes bear interest at a rate of 2.75% per year, payable semiannually in arrears on June 1 and December 1 of each year, beginning on June 1, 2025.

The net proceeds from the sale of the Convertible Notes were approximately \$435.2 million after deducting the initial purchasers' discounts, commissions, and estimated offering expenses. We used approximately \$84 million of the net proceeds to fund share repurchases of common stock in connection with the offering, including (i) \$52.7 million to fund the cost of entering into prepaid forward repurchase transactions, and (ii) \$31.3 million to repurchase shares of our common stock directly. Additionally, approximately \$51.8 million was used to pay the cost of the capped call transactions, which have a cap price of \$14.72. The remainder of the net proceeds will be used for general corporate purposes.

The initial conversion rate is 102.5 shares per \$1,000 principal amount of Convertible Notes (equivalent to an initial conversion price of approximately \$9.75 per share of common stock). Prior to March 1, 2030, the Convertible Notes are convertible only upon the occurrence of certain events. On or after March 1, 2030 until the close of business on the second scheduled trading day immediately preceding the maturity date, holders may convert their Convertible Notes at any time. The Convertible Notes will be convertible into cash, shares of common stock, or a combination thereof, at our election, subject to certain restrictions.

Macquarie Promissory Note

On November 27, 2024, APLD ELN-02 Holdings LLC, our subsidiary, entered into a promissory note (the "Macquarie Promissory Note") with Macquarie Equipment Capital, Inc. for a loan of \$150 million. The Macquarie Promissory Note has an 18-month term and bears interest at 0.25% per annum, with no commitment fee or original issue discount. The Macquarie Promissory Note is subject to an initial minimum return hurdle of 1.11x within the first four months that scales up to 1.35x over its term. The proceeds from the Macquarie Promissory Note were used to repay in full and terminate the CIM Promissory Note as well as all of our obligations under the March Note. As partial consideration for the Macquarie Promissory Note, we issued warrants to purchase up to 1,035,197 shares of common stock at an exercise price of \$9.66 per share.

On February 11, 2025, in connection with the issuance of the SMBC Credit Agreement and receipt by the Company of the proceeds related thereto (as described below), the Company repaid the Macquarie Promissory Note in full. The Macquarie Warrants survived the termination of the Macquarie Promissory Note.

SMBC Loans

On February 11, 2025, APLD HPC Holdings LLC, our subsidiary, entered into a credit and guaranty agreement (the "SMBC Credit Agreement") with Sumitomo Mitsui Banking Corporation. The SMBC Credit Agreement provides for an aggregate of \$375 million of term loans (the "SMBC Loans"), which includes base rate loans and SOFR loans, and matures 18 months after the closing date. Base rate loans bear interest at the base rate plus (i) 2.50% from the closing date until the six month anniversary of the closing date, (ii) 3.50% after the six month anniversary of the closing date until the one year anniversary of the closing date, and (iii) 4.50% after the one year anniversary of the closing date while SOFR loans bear interest at the daily simple SOFR plus (i) 3.50% from the closing date until the six month anniversary of the closing date, (ii) 4.50% after the six month anniversary of the closing date until the one year anniversary of the closing date, and (iii) 5.50% after the one year anniversary of the closing date.

The proceeds from the SMBC Loans were used to: (i) prepay in full the Macquarie Promissory Note, (ii) pay for certain data center project development costs at the Company's 400 MW Ellendale, North Dakota data center campus, and (iii) fund the Interest Reserve Account as defined in the Credit Agreement. Remaining proceeds have been deposited into a separate bank account for future construction costs at the Company's 400 MW Ellendale, North Dakota data center campus.

Revenue

Revenue increased \$12.6 million, or 31%, from \$40.3 million for the three months ended February 29, 2024 to \$52.9 million for the three months ended February 28, 2025. Approximately \$12.2 million of the increase was due to the continued growth of our Cloud Services Business during the three months ended February 28, 2025 due to the deployment of four additional GPU clusters.

Related party revenue decreased \$3.1 million, or 100%, from \$3.1 million for the three months ended February 29, 2024 to no related party revenue for the three months ended February 28, 2025, driven by certain related parties terminating their contracts during the first fiscal quarter of fiscal year 2025.

Cost of revenues

Cost of revenues increased \$2.1 million, or 4%, from \$47.1 million for the three months ended February 29, 2024 to \$49.1 million for the three months ended February 28, 2025. The increase was primarily driven by the growth in the business as more facilities were energized and additional services were provided to customers compared to the three months ended February 29, 2024. The change in cost of revenues is categorized as follows:

- approximately \$5.1 million increase in lease and lease related expenses for the use of data center space to support our Cloud Services Business;
- approximately \$2.8 million increase in depreciation and amortization expense due to an increase in owned and leased assets in-service directly supporting revenue;
- approximately \$0.8 million increase in personnel expenses for employee costs directly attributable to generating revenue resulting from increased headcount; and
- approximately \$0.2 million increase in other expenses directly attributable to generating revenue.

These increases were partially offset by approximately \$6.8 million decrease in energy costs primarily due to the sale of the Garden City facility during the fiscal year ended May 31, 2024.

Selling, general and administrative expense

Selling, general and administrative expense decreased \$7.3 million, or 24%, from \$30.0 million for the three months ended February 29, 2024 to \$22.7 million for the three months ended February 28, 2025. The change in selling, general and administrative expense is categorized as follows:

- approximately \$10.3 million decrease in depreciation and amortization primarily due to GPU cluster deployments, which are now revenue generating and as such, the depreciation and amortization is now captured as a part of cost of revenues;
- approximately \$2.6 million decrease in professional service expenses primarily related to legal services provided on discrete transactions and projects, as well as general support of the business; and

- approximately \$0.3 million decrease in personnel expenses for employee costs and other costs attributable to supporting the growth of the business.

These decreases were partially offset by a \$6.0 million increase in stock-based compensation primarily due to accelerated vesting of certain employee stock awards and the recognition of expense related to performance stock units granted during the three months ended February 28, 2025.

Loss on classification of held for sale

Loss on classification of held for sale was \$21.7 million for the three months ended February 29, 2024, due to the write down of the Garden City assets to their fair market value as part of the planned sale of that facility. There were no such losses recorded in the current year comparative period.

Interest expense, net

Interest expense, net increased \$4.1 million, or 87%, from \$4.8 million for the three months ended February 29, 2024, to \$8.9 million for the three months ended February 28, 2025. The increase was primarily driven by a \$3.6 million increase in loan interest due to loan activity as well as a \$1.8 million increase in finance lease interest due to lease commencements during the three months ended February 28, 2025. These increases were partially offset by a \$0.7 million increase in interest income due to an increase in funds held in money market accounts.

Loss on change in fair value of related party debt

Loss on change in fair value of related party debt was \$2.6 million for the three months ended February 29, 2024, due to the change in fair value of one of our previously held related party loan. There were no such losses recorded in the current year comparative period.

Loss on extinguishment of debt

Loss on extinguishment of debt was \$1.2 million for the three months ended February 28, 2025 due to the extinguishment of the Macquarie Promissory Note that was repaid during the period. There were no such losses recorded in the prior year comparative period.

Approximately \$59.2 million of the increase was due to the continued growth of our Cloud Services Business due to the deployment of four additional GPU clusters between periods while the remaining increase, approximately \$5.4 million, was primarily due to our Ellendale HPC Facility operating at full capacity during the current period .

Related party revenue decreased \$9.0 million, or 82%, from \$10.9 million for the nine months ended February 29, 2024 to \$1.9 million for the nine months ended February 28, 2025, driven by certain related parties terminating their contracts during the first fiscal quarter of fiscal year 2025.

Cost of revenues increased by \$60.5 million, or 59%, from \$102.1 million for the nine months ended February 29, 2024 to \$162.6 million for the nine months ended February 28, 2025. The increase was primarily driven by the growth in the business as more facilities were energized and more services were provided to customers compared to the nine months ended February 29, 2024. The change in cost of revenues is categorized as follows:

- approximately \$48.1 million increase in depreciation and amortization expense due to an increase in owned and leased assets directly supporting revenue;

- approximately \$14.4 million increase in lease and lease related expenses for the use of data center space to support our Cloud Services Business;
- approximately \$5.7 million increase in personnel expenses for employee costs directly attributable to generating revenue resulting from increased headcount; and

- approximately \$5.6 million increase in other expenses such as operating leases expense for data center space not yet being used to generate revenue;
- approximately \$3.1 million increase in personnel expenses, related to an increase in salaries, wages and bonuses associated with the increase in headcount period over period; and
- approximately \$1.1 million increase in other selling, general, and administrative expense such as travel, computer and software expenses.

These increases were partially offset by a decrease of approximately \$16.2 million in depreciation and amortization expense due to additional owned and leased assets that are now being used to generate revenue and as such, the depreciation and amortization is now captured as a part of cost of revenues. Additionally, there was a decrease of approximately \$4.8 million in stock-based compensation expense due to the cancellation of certain performance based awards and terminations during the period, accompanied by forfeitures of previously issued awards, resulting in a reversal of the expense previously recognized for the associated awards.

Loss/(gain) on classification of held for sale

Gain on classification of held for sale was \$24.6 million for the nine months ended February 28, 2025 due to the receipt of \$25.0 million of funds released from escrow in association with the sale of our Garden City facility which was partially offset by a \$0.4 million loss on assets held for sale associated with the write down of certain assets to their fair market value upon disposal. Comparatively, there was a \$21.7 million loss on classification of held for sale due to the write down of the Garden City assets to their fair market value as part of the planned sale of that facility during the nine months ended February 29, 2024.

Loss on change in fair value of debt

Loss on change in fair value of debt was \$85.4 million for the nine months ended February 28, 2025, primarily due to a loss of approximately \$89.6 million related to the change in fair value of the conversion option derivative of the 2.75% Senior Unsecured Convertible Note during the two week period in which the Company did not have sufficient authorized shares to settle such conversion fully in shares. This loss was partially offset by a gain of approximately \$4.1 million related to the change in the fair value of the YA Notes. Adjusted Operating Loss, Adjusted net loss attributable to common stockholders, and Adjusted net loss attributable to common stockholders per diluted share

Sources of Liquidity

As of February 28, 2025, we had unrestricted cash and cash equivalents of \$68.7 million, funds restricted for construction expenditures of \$154.1 million and a working capital deficit of \$119.3 million. Historically, we have incurred losses and have relied on equity and debt financings to fund our operations. We have primarily generated cash in the last 12 months from the proceeds of our term loans, issuances of common stock, preferred stock, convertible promissory notes, senior unsecured convertible notes, debt facilities and the receipt of contractual deposits and revenue payments from customers.

In addition to the sources of liquidity noted below, we have the ability and intent to sell additional shares of Series E-1 Preferred Stock which would generate proceeds of approximately \$12.0 million. Also, as disclosed in the Business Update above, our Board of Directors has approved the potential sale of our Cloud Services Business, which will reclassify certain non-current assets and long-term liabilities on our balance sheet to current assets and current liabilities and will result in a net working capital surplus of \$117.6 million.

Finally, we have the ability to modify the timing of our capital spending and extend our payment terms with vendors, if necessary.

During the three months ended February 28, 2025, the Company closed on four offerings of the Series E-1 Preferred Stock in which the Company issued and sold 33,404 shares for gross proceeds of \$33.4 million for

a total of six offerings during the nine months ended February 28, 2025, in which the Company issued 39,763 shares for gross proceeds of \$39.8 million. The Series E-1 Preferred Stock offering remains ongoing as of the date of this report.

On November 27, 2024, APLD ELN-02 Holdings LLC, our subsidiary, entered into the Macquarie Promissory Note with Macquarie Equipment Capital, Inc. for a loan of \$150 million. As of November 30, 2024, an aggregate of \$71.3 million of the YA Notes had been converted, in exchange for the issuance by us of 19.1 million shares of common stock to YA Fund, and the aggregate principal amount outstanding under the March Note was \$6.9 million (consisting of the remaining principal amount of \$4.8 million and the additional \$2.1 million Commitment Fee), which was repaid in full during the quarter ended February 28, 2025, including all outstanding and unpaid principal, accrued interest, fees, and expenses.

Funding Requirements

We have experienced net losses through the period ended February 28, 2025. Our transition to profitability is dependent on the successful operation of our business.

We expect to have sufficient liquidity, including cash on hand, payments from customers, access to debt financing, and access to public capital markets, to support ongoing operations and meet our working capital needs for at least the next 12 months and all of our known requirements and plans for cash. However, we may be unable to raise additional funds or enter into such arrangements when needed on favorable terms, or at all, which would have a negative impact on our financial condition and could force us to delay, limit, reduce or terminate our ongoing operations and development plans. We have based our estimates as to how long we expect we will be able to fund our operations on assumptions that may prove to be wrong, and we could use our available capital resources sooner than we currently expect, in which case, we would be required to obtain additional financing sooner than currently projected, which may not be available to us on acceptable terms, or at all. Our failure to raise capital as and when needed would have a negative impact on our financial condition and our ability to pursue our business strategy.

We expect that our general and administrative expenses and our operating expenditures will continue to increase as we continue to expand our operations. We believe that the significant investments in property and equipment will remain throughout fiscal year 2025 as we continue construction of our HPC hosting facilities.

Summary of Cash Flows

The following table provides information about our net cash flow for the nine months ended February 28, 2025 and February 29, 2024, respectively.

\$ in thousands	Nine Months Ended	
	February 28, 2025	February 29, 2024
Net cash (used in) provided by operating activities	\$ (122,257)	\$ 45,338
Net cash used in investing activities	(465,678)	(119,959)
Net cash provided by financing activities	817,471	72,027
Net increase (decrease) in cash and cash equivalents	229,536	(2,594)
Cash, cash equivalents, and restricted cash at beginning of year	31,688	43,574
Cash, cash equivalents, and restricted cash at end of period	\$ 261,224	\$ 40,980

Commentary on the change in cash flows between the Nine Months Ended February 28, 2025 and Nine Months Ended February 29, 2024

Operating Activities

The net cash (used in) provided by operating activities changed by \$167.6 million, or 370%, from net cash provided by operating activities of \$45.3 million for the nine months ended February 29, 2024 to net cash used in operating activities of \$122.3 million for the nine months ended February 28, 2025. This change was primarily driven by a large increase in accounts payable due to the timing of payments between the periods and a gain on classification of held for sale due to the receipt of \$25.0 million of funds released from escrow in association with the sale of our Garden City facility. Also contributing to this change was a decrease in deferred revenue due to changes in our customer base relative to the prior comparative period as well as timing of collections during the nine months ended February 28, 2025.

These impacts were partially offset by an \$85.4 million loss on change in fair value of debt primarily due a loss of approximately \$89.6 million related to the change in fair value of the conversion option derivative of the 2.75% Senior Unsecured Convertible Note during the two week period in which the Company did not have sufficient authorized shares to

settle such conversion fully in shares. This loss was offset by a gain of approximately \$4.1 million related to the change in the fair value of the YA Notes.

Investing Activities

The net cash used in investing activities increased by \$345.7 million, or 288% from \$120.0 million for the nine months ended February 29, 2024 to \$465.7 million for the nine months ended February 28, 2025. This increase was primarily due to an increase of approximately \$398.9 million in investments in property and equipment during the nine months ended February 28, 2025 as our payments in the current periods for construction of the Ellendale, North Dakota data center hosting facilities outpaced the comparative period construction payments for the Garden City hosting facility and our HPC data centers in the prior year. These increases were partially offset by the receipt of \$25.0 million of funds that were released from escrow in association with the sale of our Garden City facility as well as a decrease of \$30.3 million in lease prepayments made for leases of hosting equipment to support our Cloud Services Business during the nine months ended February 28, 2025.

Financing Activities

The net cash provided by financing activities increased by \$745.4 million, or 1,035%, from \$72.0 million for the nine months ended February 29, 2024 to \$817.5 million for the nine months ended February 28, 2025. The primary reasons for the change were an increase in the receipt of net proceeds from offerings of our common and preferred stock of approximately \$151.9 million, proceeds from the issuance of a convertible note offering of \$450.0 million and net debt borrowings of approximately \$359.5 million, as well as the receipt of \$12.0 million from SAFE agreements for equity in Applied Digital Cloud Corporation, a wholly-owned subsidiary of the Company, during the nine months ended February 28, 2025. These increases were partially offset by the payment of approximately \$42.9 million in debt financing costs, an increase of approximately \$66.5 million in finance lease payments as well as approximately \$104.5 million cash used for the capped call and prepaid forward related to the Senior Unsecured Convertible Notes offering during the nine months ended February 28, 2025.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Not applicable.

Item 4. Controls and Procedures

Management's Evaluation of Disclosure Controls and Procedures

We maintain a system of disclosure controls and procedures that is designed to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to the our management, including our Chief Executive Officer (principal executive officer) and Chief Financial Officer (principal financial officer and principal accounting officer), as appropriate, to allow timely decisions regarding required disclosure. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Our Chief Executive Officer and Chief Financial Officer, after evaluating the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) of the Exchange Act) as of February 28, 2025, have concluded that our disclosure controls and procedures were not effective as of February 28, 2025, as a result of the material weaknesses in our internal control over financial reporting disclosed below.

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of a company's annual and interim financial statements will not be detected or prevented on a timely basis.

We have identified the following material weaknesses in the design of our internal controls:

- We have not yet designed and implemented controls to ensure we can record, process, summarize, and report financial data.
- We have not yet designed and implemented user access controls to ensure appropriate segregation of duties that would adequately restrict user and privileged access to the financially relevant systems and data to appropriate personnel.
- We also do not have a properly designed internal control system that identifies critical processes and key controls.

The material weaknesses did not result in any identified misstatements to the financial statements, and there were no changes to previously released financial results. Notwithstanding these material weaknesses in internal control over financial reporting, our management has concluded that, based on their knowledge, the unaudited condensed consolidated financial statements, and other financial information included in this Quarterly Report on Form 10-Q present fairly, in all material respects our financial condition, results of operations and cash flows for the periods presented in conformity with accounting principles generally accepted in the United States.

Remediation

In order to remediate these material weaknesses, we have begun to take the following steps, among others:

- Hiring additional qualified accounting and financial reporting personnel to support division of responsibilities, including utilizing an advisory, tax and assurance firm to assist with process documentation;
- Improving and updating our systems;
- Developing IT general controls to manage access and program changes across our key systems and the execution of improvements to application controls within our systems, including implementing user access reviews for all systems on a quarterly basis; and
- Implementing processes and controls to better identify and manage segregation of duties, including executing an internal audit program to evaluate the design, implementation, and operating effectiveness of key business processes and IT controls.

We will not be able to fully remediate the material weaknesses until these steps have been completed and have been operating effectively for a sufficient period of time.

Additionally, management has made modifications to our processes pertaining to related party transactions and disclosures during the three months ended August 31, 2024 and the three months ended November 30, 2024. These modifications enhanced the precision relating to effectively identifying related party transactions and disclosing their related transactions in our financial statements. Due to these enhancements, we believe the past reported material weakness is considered remediated as of February 28, 2025.

Changes in Internal Control over Financial Reporting

There were no changes in internal control over financial reporting, other than the remediation steps described above that are in process, that occurred during the three months ended February 28, 2025, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II - Other Information

Item 1. Legal Proceedings

From time to time, we may become involved in legal proceedings.

The Company, Wes Cummins, the Company's Chief Executive Officer, and David Rench, the Company's then Chief Financial Officer, have been named as defendants in a putative securities class action lawsuit in the matter styled, *McConnell v. Applied Digital Corporation, et al.*, Case No. 3:23-cv-1805, filed in August 2023 in the U.S. District Court for the Northern District of Texas (the "Securities Lawsuit"). Specifically, the complaint asserts claims pursuant to Section 10(b) and 20(a) of the Securities and Exchange Act of 1934 based on allegedly false or misleading statements regarding the company's business, operations, and compliance policies, including claims that the Company overstated the profitability of its Data Center Hosting Business and its ability to successfully transition into a low-cost cloud services provider and that the Company's board of directors was not "independent" within the meaning of Nasdaq listing rules. On May 22, 2024, the court appointed lead plaintiff and approved lead counsel, and on July 22, 2024, Lead Plaintiff filed an amended complaint which asserts the same claims based on similar allegations in the original complaint. On September 20, 2024, the defendants filed a motion to dismiss the amended complaint. On November 20, 2024, Lead Plaintiff filed his opposition to the Motion to Dismiss. On January 3, 2025, the defendants filed their reply in further support of the Motion to Dismiss. See discussion in "Note 10 - Commitments and Contingencies".

The Company is unable to estimate a range of loss, if any, that could result were there to be an adverse final decision in the Securities Lawsuit. If an unfavorable action were to occur, it is possible that the impact could be material to the Company's results of operations in the period(s) in which any such outcome becomes probable and estimable.

There are no other pending lawsuits that could reasonably be expected to have a material adverse effect on the results of the Company's consolidated operations.

Item 1A. Risk Factors

Except as set forth below, there have been no material changes in or additions to the risk factors included in our Annual Report on Form 10-K for the year ended May 31, 2024, as supplemented by the Risk Factors included in Exhibit 99.2 to the Company's Form 8-K filed with the SEC on November 5, 2024 and in Item 1A of the Company's Form 10-Q filed with the SEC on January 14, 2025.

Changes in U.S. trade policy, including the imposition of tariffs and the resulting consequences, may have a material adverse impact on our business, operating results, and financial condition.

Operating and growing our business demands significant electrical infrastructure components and construction materials. While we proactively procure these materials from our suppliers in sufficient quantities to facilitate hardware deployment at scale and on accelerated construction timelines, we cannot yet predict the effect of the recently imposed U.S. tariffs on imports, or the extent to which other countries will impose quotas, duties, tariffs, taxes or other similar restrictions upon the import or export of construction materials and specialized electricity distribution equipment in the future, nor can we predict future trade policy or the terms of any renegotiated trade agreements and their impact on our business.

The U.S. government has adopted new approaches to trade policy and in some cases, may renegotiate, or potentially terminate, certain existing bilateral or multi-lateral trade agreements. The U.S. government has also imposed tariffs on certain foreign goods and has raised the possibility of imposing significant, additional tariff increases or expanding the tariffs to capture other countries and types of foreign goods. Any such current and future tariff increases, expanding the tariffs to capture other countries and types of foreign goods or other changes in U.S. trade policy may make it more difficult or costly for us to procure construction materials and specialized electricity distribution equipment required to develop our HPC and AI facilities. As a result, the timely completion of our HPC and AI projects may be delayed and our ability to collect any potential revenue from the HPC Hosting Business segment in the future may be compromised, which could have a material adverse effect on our expansion strategy and our ability to generate significant or any revenue from this business segment.

In addition, in response to tariffs, other countries have implemented retaliatory tariffs on U.S. goods. Political tensions as a result of trade policies could reduce trade volume, investment, technological exchange, and other economic activities between major international economies, resulting in a material adverse effect on global economic conditions and the stability of global financial markets, which could in turn have a material adverse impact on our business and financial condition.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds*(a) Unregistered Sales of Equity Securities*

During the three months ended February 28, 2025, we issued a warrant to STB Applied Holdings LLC to purchase 1,000,000 shares of our common stock at the exercise price of \$7.38 per share.

The foregoing issuance of securities was not registered under the Securities Act or the securities laws of any state, and the securities were offered and issued in reliance on the exemption from registration under the Securities Act afforded by Section 4(a)(2).

During the three months ended February 28, 2025, there were no other unregistered sales of our securities except as reported above or previously reported in our Current Reports on Form 8-K.

NOW THEREFORE, be it:

RESOLVED, that (i) the withdrawal of the Certificate of Designation pursuant to NRS 78.1955(6) be, and hereby is, authorized and approved; and (ii) the forms, terms, and provisions of the Certificate of Withdrawal be, and hereby are, approved; and be it further

Issue Date: February 27, 2025 (the "Issue Date")

Initial Exercise Date: February 27, 2027 (the "Initial Exercise Date")

THIS COMMON STOCK PURCHASE WARRANT (this "Warrant") certifies that, for value received, STB Applied Holdings LLC or its permitted assigns (the "Holder"), is entitled, upon the terms and subject to the limitations on exercise and the conditions hereinafter set forth, at any time on or after the Initial Exercise Date (subject to the provisions of Section 2(f) hereof) and on or prior to the Termination Date (as defined below), but not thereafter, to purchase from Applied Digital Corporation, a Nevada corporation (the "Company"), up to 1,000,000 shares (subject to the limitations contained herein, including Sections 2(d) and 3(e), and subject to adjustment hereunder, the "Warrant Shares") of the Company's common stock, par value \$0.001 per share (the "Common Stock"). The purchase price of one Warrant Share shall be equal to the Exercise Price, as defined in Section 2(b).

As used in this Warrant:

"Affiliate" means, with respect to any Person, any other Person who, directly or indirectly, controls, is controlled by, or is under common control with such Person; for purposes of this definition, the term "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any Person, means the possession, directly or indirectly, of the power to direct or cause the direction of the management policies of such Person, whether through the ownership of voting securities or by contract or otherwise.

defined in Rule 13d-3 under the Exchange Act (as defined below)) shall, directly or indirectly, including through subsidiaries, Affiliates or otherwise, in one or more transactions, be or become the “beneficial owner” (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, whether through acquisition, purchase, assignment, conveyance, tender, tender offer, exchange, reduction in outstanding shares of Common Stock, merger, consolidation, business combination, reorganization, recapitalization, spin-off, scheme of arrangement, reorganization, recapitalization or reclassification or otherwise in any manner whatsoever, of at least 50% of the aggregate ordinary voting power of the Company, (C) directly or indirectly, including through subsidiaries, Affiliates or otherwise, in one or more transactions, the issuance of or the entering into any other instrument or transaction structured in a manner to circumvent, or that circumvents, the intent of this definition in which case this definition shall be construed and implemented in a manner otherwise than in strict conformity with the terms of this definition to the extent necessary to correct this definition or any portion of this definition which may be defective or inconsistent with the intended treatment of such instrument or transaction, (D) if the persons who (i) serve on the Company’s Board of Directors as of the date of this Warrant, or (ii) were nominated, elected or appointed by a majority of the persons who served on the Company’s Board of Directors at the time of such nomination, election or appointment, cease to constitute a majority of the Company’s Board of Directors, or (E) any other transaction or series of transactions that the Company’s Board of Directors shall determine to be treated as a Change of Control.

“Termination Date” shall mean the close of business on February 27, 2032.

If the Common Stock is not so listed or traded, "Trading Day" means a business day.

Section 1. Vesting; Exercisability. The Holder's right to exercise this Warrant with respect to the Warrant Shares is subject to vesting and limitations on exercisability as follows:

(a) This Warrant and the Holder's rights hereunder with respect to the Warrant Shares (subject to adjustment or otherwise to the restrictions as set forth in this Warrant, including, without limitation, Section 2(d) and Section 3) will vest and become exercisable from and after the Initial Exercise Date (subject to the provisions of Section 2(f) hereof) through and including the Termination Date.

(b) Subject to any adjustment required by Section 3 or elsewhere in this Warrant, and notwithstanding anything to the contrary in this Warrant, in no event shall this Warrant be exercisable for more than 1,000,000 Warrant Shares.

(c) The Holder's right to receive the Warrant Shares, and the Company's obligation to issue such Warrant Shares, upon exercise of this Warrant shall be subject to the limitations set forth in Section 2(d)(i).

Section 2. Exercise.

(a) Subject to Section 1, exercise of the purchase rights represented by this Warrant with respect to Warrant Shares may be made, in whole or in part, at any time or times on or after the Initial Exercise Date (subject to the provisions of Section 2(f) hereof) and on or before the Termination Date by delivery to the Company (or such other office or agency of the Company as it may designate by notice in writing to the registered Holder at the address of the Holder appearing on the books of the Company) of a duly completed and executed copy of a notice of exercise substantially in the form attached hereto as Exhibit A (a "Notice of Exercise"). The "Exercise Date" shall be the date on which such delivery shall have taken place (or be deemed to have taken place) unless a later date is specified in the Notice of Exercise. Within two (2) Trading Days following the date of exercise as aforesaid, the Holder shall deliver the aggregate Exercise Price for the shares specified in the applicable Notice of Exercise, at its option, (i) by cashless exercise as set forth in Section 2(e) or (ii) solely if the Company has a then-effective shelf registration statement or the Company has advised the Holder that a registration statement will cover such exercise in cash, (a) by wire transfer or cashier's check drawn on a United States bank, or (b) any combination of cash and cashless exercise as set forth in Section 2(e); provided, however, in the event that the Holder has not delivered such aggregate Exercise Price within two (2) Trading Days following the date of such exercise as aforesaid, the Company shall not be obligated to deliver such Warrant Shares hereunder until such payment is made. No ink-original Notice of Exercise shall be required, nor shall any medallion guarantee (or other type of guarantee or notarization) of any Notice of Exercise be required. Notwithstanding anything herein to the contrary, the Holder shall not be required to physically surrender this Warrant to the Company until the Holder has purchased all of the Warrant Shares available hereunder and the Warrant has been exercised in full, in which case, the Holder shall surrender this Warrant to the Company for cancellation promptly after the relevant event shall have occurred. Partial exercises of this Warrant resulting in purchases of a portion of the total number of Warrant Shares available hereunder shall have the effect of lowering the outstanding number of Warrant Shares purchasable hereunder in an amount equal to the applicable number of Warrant Shares purchased. The Holder and the Company shall maintain records showing the number of Warrant Shares purchased and the date of such purchases and the Holder may request that a new Warrant be issued to it representing the amount of Warrant Shares not purchased and the Company shall promptly comply with such request. The Company shall deliver any objection to any Notice of Exercise within two (2) Trading Days of receipt of such notice. **The Holder, by acceptance of this Warrant, acknowledges and agrees that, by reason of the provisions of this paragraph, following the purchase of a portion of the Warrant**

Shares hereunder, the number of Warrant Shares available for purchase hereunder at any given time may be less than the amount stated on the face hereof.

(b) Exercise Price. The “Exercise Price” per Warrant Share shall be \$7.83, subject to any adjustment required by Section 3.

(c) Mechanics of Exercise.

(i) Delivery of Warrant Shares Upon Exercise. Upon each exercise of this Warrant, the Company shall promptly, but in no event later than two (2) Trading Days after delivery of the applicable Notice of Exercise (subject to delivery by the Holder to the Company of the aggregate Exercise Price payable pursuant to Section 2(b) or pursuant to the cashless exercise provisions of Section 2(e)), instruct the transfer agent for the Common Stock (the “Transfer Agent”) to record the issuance of the Warrant Shares purchased hereunder to the Holder in book-entry form pursuant to the Transfer Agent’s regular procedures. The Warrant Shares shall be deemed to have been issued, and the Holder shall be deemed to have become a holder of record of such shares for all purposes, as of the Exercise Date with payment to the Company of the Exercise Price having been paid.

(ii) Rescission Rights. If the Company fails to issue or cause to have issued the Warrant Shares pursuant to Section 2(c)(i) or does not issue Warrant Shares as a result of the limitations in Section 1(c) or Section 2(d) within two (2) Trading Days after delivery of the applicable Notice of Exercise, then the Holder will have the right to rescind such exercise in its sole discretion. The right of rescission of the Holder under this Section 2(c)(ii) is subject to delivery by the Holder of the aggregate Exercise Price payable pursuant to Section 2(b) or Section 2(e).

(iii) No Fractional Shares or Scrip. No fractional shares or scrip representing fractional shares shall be issued upon the exercise of this Warrant. As to any fraction of a share which the Holder would otherwise be entitled to purchase upon such exercise, the Company shall, at its election, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the Fair Market Value or round up to the next whole share.

(iv) Charges, Taxes and Expenses. Issuance of Warrant Shares shall be made without charge to the Holder for any issue, transfer, stamp or other tax or other incidental expense in respect of the issuance of such Warrant Shares, all of which taxes and expenses shall be paid by the Company, and such Warrant Shares shall be issued in the name of the Holder. Without limiting the generality of the foregoing, the Company shall pay all fees required for same-day processing of any Notice of Exercise and all other expenses of the Company and its registrar(s) and transfer agent(s) in connection with delivery of the Warrant Shares and replacement warrants.

(v) Closing of Books. The Company will not close its stockholder books or records in any manner which prevents the timely exercise of this Warrant, pursuant to the terms hereof.

(vi) Sale of Stock by the Holder. Notwithstanding any other provision hereof, if an exercise of any portion of this Warrant is to be made in connection with a public offering of the Common Stock (pursuant to a merger, sale of stock, or otherwise), a Change of Control, or in connection with a tender or exchange offer for shares of Common Stock of the Company, such exercise may at the election of the Holder be conditioned upon the consummation of such transaction, in which case such exercise shall not be deemed to be effective until immediately prior to the consummation of such transaction.

(d) Holder’s Exercise Limitations.

(i) Notwithstanding anything to the contrary contained in this Warrant, the Company shall not effect the exercise of any portion of this Warrant, and, no Holder shall have the right to exercise any portion of this Warrant, pursuant to the terms and conditions of this Warrant and any such exercise shall be null and void and treated as if never made, to the extent that after giving effect to such exercise, any Holder (together with any other Person whose beneficial ownership of Common Stock would be aggregated with such Holder’s for purposes of Section 13(d) or Section 16 of the Securities Exchange Act of 1934 (the “Exchange Act”) and the applicable regulations of the Securities and

Exchange Commission (the “Commission”) thereunder, including any “group” of which any Holder is or may be deemed a member (collectively, the “Attribution Parties”) would beneficially own in excess of 4.99% (the “Maximum Percentage”) of the number of shares of Common Stock outstanding immediately after giving effect to such exercise. For purposes of the foregoing sentence, the aggregate number of shares of Common Stock beneficially owned by such Holder and its Attribution Parties shall include the number of shares of Common Stock issuable upon exercise of this Warrant with respect to which the determination of such sentence is being made, but shall exclude the number of shares of Common Stock which would be issuable upon (A) exercise of the remaining, unexercised portion of this Warrant beneficially owned by the Holder and its Attribution Parties and (B) exercise or conversion of the unexercised or unconverted portion of any other securities of the Company beneficially owned by the Holder or any of its Attribution Parties subject to a limitation on conversion or exercise analogous to the limitation contained in this Section 2(d)(i). In the event that the issuance of shares of Common Stock to the Holder upon exercise of this Warrant results in the Holder and its Attribution Parties being deemed to beneficially own, in the aggregate, more than the Maximum Percentage (as determined under Section 13(d) of the Exchange Act), the number of shares so issued by which the Holder’s and its Attribution Parties’ aggregate beneficial ownership exceeds the applicable Maximum Percentage (the “Excess Shares”) shall be deemed null and void and shall be cancelled ab initio, and the Holder shall not have the power to vote or to transfer the Excess Shares. As soon as reasonably practicable after the issuance of the Excess Shares has been deemed null and void, the Company shall return to the Holder the Exercise Price paid by the Holder for the Excess Shares. Upon delivery of a written notice to the Company by any Holder, the Maximum Percentage may be increased or decreased with respect to such Holder to any other percentage as specified in such notice; provided, that (i) any such increase or decrease in the Maximum Percentage will not be effective until the 75th day after such notice is delivered to the Company and (ii) any such increase or decrease will apply only to the Holder and its Attribution Parties requesting such increase or decrease and not to any other Holder of this Warrant. For purposes of clarity, the shares of Common Stock issuable pursuant to the terms of this Warrant in excess of the Maximum Percentage shall not be deemed to be beneficially owned by any Attribution Party for any purpose including for purposes of Section 13(d) or Rule 16a-1(a)(1) of the Exchange Act. No prior inability to exercise this Warrant, in whole or in part, pursuant to this paragraph shall have any effect on the applicability of the provisions of this paragraph with respect to any subsequent determination of exercisability.

(ii) Except as set forth in the exclusions to calculating beneficial ownership in Sections 2(d)(i)(A) and (B), for purposes of this Section 2(d), beneficial ownership shall be calculated in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder, it being acknowledged by the Holder that the Company is not representing to the Holder that such calculation is in compliance with Section 13(d) of the Exchange Act and the Holder is solely responsible for any schedules required to be filed in accordance therewith. To the extent that the limitation contained in this Section 2(d) applies, the determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder together with any Affiliates and Attribution Parties) and of which portion of this Warrant is exercisable shall be in the sole discretion of the Holder, and the submission of a Notice of Exercise shall be deemed to be the Holder’s determination of whether this Warrant is exercisable (in relation to other securities owned by the Holder together with any Affiliates and Attribution Parties) and of which portion of this Warrant is exercisable, in each case subject to the Maximum Percentage, and the Company shall have no obligation to verify or confirm the accuracy of such determination. In addition, a determination as to any group status as contemplated above shall be determined in accordance with Section 13(d) of the Exchange Act and the rules and regulations promulgated thereunder and the Company shall have no obligation to verify or confirm the accuracy of such determination and shall have no liability for exercises of the Warrant that are not in compliance with the Maximum Percentage. The Company shall have the sole right to enforce the provisions of Section 2(d)(i). If the Company receives a Notice of Exercise from a Holder at a time when the actual number of outstanding shares of Common Stock is less than the Reported Outstanding Shares Number, the Company shall (i) notify the Holder in writing of the number of shares of Common Stock then outstanding and, to the extent that such Notice of Exercise would otherwise cause the Holder’s beneficial ownership, as determined pursuant to Section 2(d)(i), to exceed the Maximum Percentage, the Holder must notify the Company of a reduced number of Warrant Shares to be purchased pursuant to such Notice of Exercise (the number of shares by which such purchase is reduced, the “Reduction Shares”) and (ii) as soon as reasonably practicable, the Company shall return to the Holder any exercise price paid by the Holder for the Reduction Shares.

The provisions of this Section 2(d) shall be construed and implemented in a manner otherwise than in strict conformity with the terms of this Section 2(d) to correct this paragraph (or any portion hereof) which may be defective or inconsistent with the intended Maximum Percentage herein contained or to make changes or supplements necessary or desirable to properly give effect to such limitation or the application of the rules of The Nasdaq Stock Market.

(e) In lieu of paying the aggregate Exercise Price for the Warrant Shares specified in the applicable Notice of Exercise by wire transfer or check drawn on a United States bank pursuant to Section 2(a), the Holder may elect to exercise the purchase rights represented by this Warrant by authorizing the Company to withhold and not issue to the Holder, in payment of the Exercise Price thereof, a number of such Warrant Shares equal to (x) the number of Warrant Shares for which the Warrant is being exercised, multiplied by (y) the Exercise Price, and divided by (z) the Fair Market Value on the Exercise Date (any such exercise, a “Cashless Exercise”); and such withheld Warrant Shares shall no longer be issuable under the Warrant, and the Holder shall not have any rights or be entitled to any payment with respect to such withheld Warrant Shares. The Company and Holder agree to treat the Cashless Exercise of this Warrant pursuant to this Section 2(e) as a recapitalization under Section 368(a)(1)(E) of the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”). In the event of a Change of Control in which the Common Stock is converted into solely the right to receive cash upon closing of such Change of Control, if this Warrant has not previously been exercised in full on an Exercise Date occurring before the third Trading Day prior to the consummation of such Change of Control, any unexercised portion of this Warrant shall be deemed exercised in full, without the delivery of a Notice of Exercise, effective immediately prior to the consummation of such Change of Control and the Holder shall be entitled to receive cash in an amount equal to the amount of cash payable in such Change of Control in respect of a number of shares of Common Stock equal to the number of Warrant Shares that would be deliverable upon an exercise of this Warrant in full immediately prior to consummation of such Change of Control pursuant to this Section 2(e) of the unexercised portion of this Warrant, where Fair Market Value of a share of Common Stock in such an exercise is deemed for these purposes to be the cash payable in respect of a share of Common Stock in such Change of Control; provided, that, for the avoidance of doubt, if the cash payable in respect of a share of Common Stock in such Change of Control in which the Common Stock is converted into solely the right to receive cash upon closing of such Change of Control is less than the then-applicable Exercise Price, then upon consummation of such Change of Control the unexercised portion of this Warrant shall be cancelled for no consideration.

(f) Acceleration. If, prior to the Initial Exercise Date, the Company consummates a Change of Control (the date of such event, the “Acceleration Date”), then effective immediately prior to the Acceleration Date, this Warrant shall, without further action, notice or deed, thereupon become immediately exercisable by the Holder in full or in part, at the Holder’s election.

Section 3. Certain Adjustments.

(a) Stock Dividends, Subdivision, Combinations and Consolidations. If the Company, at any time while this Warrant is outstanding (in whole or in part): (i) pays a stock dividend or otherwise makes a distribution or distributions on shares of its Common Stock (or other class of Capital Stock of the Company then issuable upon exercise of this Warrant) or any other equity or equity equivalent securities payable in shares of Common Stock (or such other class of Capital Stock) (which, for avoidance of doubt, shall not include any shares of Common Stock (or such other class of Capital Stock) issued by the Company upon exercise of this Warrant), (ii) subdivides outstanding shares of Common Stock (or other class of Capital Stock of the Company then issuable upon exercise of this Warrant) into a larger number of shares or (iii) combines or consolidates (including, without limitation, by reverse stock split) outstanding shares of Common Stock (or other class of Capital Stock of the Company then issuable upon exercise of this Warrant) into a smaller number of shares, then in each case the Exercise Price shall be adjusted by multiplying the Exercise Price immediately before the applicable corporate action by a fraction the numerator of which shall be the number of shares of Common Stock outstanding immediately before such event and the denominator of which shall be the number of shares of Common Stock outstanding immediately after such event, and thereafter the number of shares issuable upon exercise of this Warrant shall be proportionately adjusted such that the aggregate Exercise Price of this Warrant shall remain unchanged. Any adjustment made pursuant to this Section 3(a) shall become effective

immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or consolidation. If the Company, at any time while this Warrant is outstanding (in whole or in part) distributes rights on shares of its Common Stock (or other class of Capital Stock of the Company then issuable upon exercise of this Warrant) in connection with a shareholder rights plan, no adjustment shall be made pursuant to this Section 3 and any such rights shall accompany the Warrant Shares issued pursuant to this Warrant if such shareholder rights plan remains in effect.

(b) Reclassifications, Reorganizations, Consolidation, Mergers and Sales. Other than in a transaction contemplated by the last sentence of Section 2(e), in the event of (i) any capital reorganization of the Company, (ii) any reclassification or recapitalization of the stock of the Company (other than (x) a change in par value or from par value to no par value or from no par value to par value or (y) as a result of a stock dividend, subdivision, combination or consolidation of shares as to which Section 3(a) shall apply), (iii) any consolidation or merger of the Company with or into another Person (where the Company is not the surviving corporation or where there is a change in or distribution with respect to the Common Stock or any other class of Capital Stock then issuable upon exercise of this Warrant), (iv) any Change of Control, or (v) any similar transaction, this Warrant shall remain outstanding and, after such reorganization, reclassification, recapitalization, consolidation, merger, sale or other Change of Control or similar transaction, be exercisable for the kind and number of shares of stock or other securities or property ("Alternate Consideration") of the Company or of the successor corporation resulting from such consolidation, merger, sale or other Change of Control, if any, to which the holder of the number of Warrant Shares underlying this Warrant (at the time of such reorganization, reclassification, recapitalization, consolidation, merger, sale or other Change of Control or similar transaction, and subject to the limitations set forth in Section 1 and Section 2) would have been entitled upon such reorganization, reclassification, recapitalization, consolidation, merger, sale or other Change of Control or similar transaction. In such event, the aggregate Exercise Price otherwise payable for the shares of Common Stock (or such other class of Capital Stock) issuable upon exercise of this Warrant shall be allocated among the Alternate Consideration receivable as a result of such reorganization, reclassification, recapitalization, consolidation, merger, sale or other Change of Control or similar transaction, in proportion to the respective fair market values of such Alternate Consideration. If and to the extent that the holders of Common Stock (or such other class of Capital Stock) have the right to elect the kind or amount of consideration receivable upon consummation of such reorganization, reclassification, recapitalization, consolidation, merger, sale or other Change of Control or similar transaction, then the consideration that the Holder shall be entitled to receive upon exercise shall be specified by the Holder, which specification shall be made by the Holder by the later of (A) ten (10) Trading Days after the Holder is provided with a final version of all material information concerning such choice as is provided to the holders of Common Stock (or such other class of Capital Stock), and (B) the last time at which the holders of Common Stock (or such other class of Capital Stock) are permitted to make their specifications known to the Company; provided, however, that if the Holder fails to make any specification within such time period, the Holder's choice shall be deemed to be whatever choice is made by a plurality of all holders of Common Stock (or such other class of Capital Stock) that are not affiliated with the Company (or, in the case of a consolidation, merger, sale or other Change of Control or similar transaction, any other party thereto) and affirmatively make an election (or of all such holders if none of them makes an election). From and after any such reorganization, reclassification, recapitalization, consolidation, merger, sale or other Change of Control or similar transaction, all references to "Warrant Shares" herein shall be deemed to refer to the Alternate Consideration to which the Holder is entitled pursuant to this Section 3(b). The provisions of this clause shall similarly apply to successive reorganizations, reclassifications, recapitalizations, consolidations, mergers, sales or other Changes of Control.

(c) Other Distributions. During such time as this Warrant is outstanding, if the Company shall declare or make any dividend or other distribution of its assets (or rights to acquire its assets) to holders of shares of Common Stock, by way of return of capital or otherwise (including, without limitation, any distribution of cash, stock or other securities, property or options by way of a dividend, spin off, reclassification, corporate rearrangement, scheme of arrangement or other similar transaction) other than any dividend or distribution referred to in Section 3(a) or Section 3(b) (a "Distribution"), at any time after the issuance of this Warrant, then, in each such case, the Holder shall be entitled to participate in such Distribution to the same extent that the Holder would have participated therein if the Holder had held the number of shares of Common Stock acquirable upon complete exercise of this Warrant (without

regard to any limitations on exercise hereof, including without limitation, the Maximum Percentage) immediately before the date of which a record is taken for such Distribution, or, if no such record is taken, the date as of which the record holders of shares of Common Stock are to be determined for the participation in such Distribution (provided, however, to the extent that the Holder's right to participate in any such Distribution would result in the Holder exceeding the Maximum Percentage, then the Holder shall not be entitled to participate in such Distribution to such extent (or in the beneficial ownership of any shares of Common Stock as a result of such Distribution to such extent) and the portion of such Distribution shall be held in abeyance for the benefit of the Holder until such time, if ever, as its right thereto would not result in the Holder exceeding the Maximum Percentage). To the extent that this Warrant has not been partially or completely exercised at the time of such Distribution, such portion of the Distribution shall be held in abeyance for the benefit of the Holder until the Holder has exercised this Warrant.

(d) Calculations. All calculations under this Section 3 shall be made to the nearest cent or the nearest 1/100th of a share, as the case may be. For purposes of this Section 3, the number of shares of Common Stock (or such other Company security as is then issuable upon exercise of this Warrant) deemed to be issued and outstanding as of a given date shall be the sum of the number of shares of Common Stock (or such other Company security) (excluding treasury shares, if any) issued and outstanding on such date.

(e) Notice to Holder.

(i) Adjustment to Terms of Warrant. Whenever any of the terms of this Warrant are adjusted pursuant to any provision of this Section 3 or any other applicable provision hereof, the Company shall promptly send to the Holder a notice signed by a duly authorized officer of the Company and setting forth (x) the Exercise Price, number of Warrant Shares and, if applicable, the kind and amount of Alternate Consideration purchasable hereunder after such adjustment and (y) the facts requiring such adjustment in reasonable detail.

(ii) Notice to Allow Exercise by Holder. If, during the period in which this Warrant is outstanding, (A) the Company shall declare a dividend (or any other distribution in whatever form) on the Common Stock, (B) the Company shall declare a special nonrecurring cash dividend on or a redemption of the Common Stock, (C) the Company shall authorize the granting to all holders of the Common Stock rights or warrants to subscribe for or purchase any shares of capital stock of any class or of any rights, (D) the approval of any stockholders of the Company shall be required in connection with any reclassification of the Common Stock, any consolidation or merger to which the Company is a party, any sale or transfer of all or substantially all of the assets of the Company and its subsidiaries on a consolidated basis, or other Change of Control, or any compulsory share exchange whereby the Common Stock is converted into other securities, cash or property, or (E) the Company shall authorize the voluntary or involuntary dissolution, liquidation or winding up of the affairs of the Company, then, in each case, the Company shall cause to be mailed to the Holder at its last address as it shall appear upon the Warrant Register of the Company, at least 20 calendar days prior to the applicable record or effective date hereinafter specified, a notice stating (x) the date on which a record is to be taken for the purpose of such dividend, distribution, redemption, rights or warrants, or if a record is not to be taken, the date as of which the holders of the Common Stock of record to be entitled to such dividend, distributions, redemption, rights or warrants are to be determined or (y) the date on which such reclassification, consolidation, merger, sale or other Change of Control or share exchange is expected to become effective or close, and the date as of which it is expected that holders of the Common Stock of record shall be entitled to exchange their shares of the Common Stock for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale or other Change of Control or share exchange; provided that the failure to mail such notice or any defect therein or in the mailing thereof shall not affect the validity of the corporate action required to be specified in such notice. To the extent that any notice provided hereunder constitutes, or contains, material, non-public information regarding the Company or any of the Subsidiaries, the Company shall simultaneously file such notice with the Commission pursuant to a Current Report on Form 8-K. The Holder shall remain entitled to exercise this Warrant during the period commencing on the date of such notice to the effective date of the event triggering such notice except as may otherwise be expressly set forth herein.

Section 4. Transfer of Warrant and Warrant Shares.

(a) Restrictive Legend. Until such time as no longer required by applicable securities laws, this Warrant and the Warrant Shares (unless and until sold in a transaction registered under the Securities Act of 1933, as amended (the “Securities Act”) or, in the case of Warrant Shares, transferred pursuant to Rule 144 promulgated under the Securities Act, or any successor rule or regulation hereafter adopted by the Commission, as such rule may be amended from time to time (“Rule 144”)) will be stamped or imprinted with a legend in substantially the following form:

THIS WARRANT AND THE SECURITIES ISSUABLE UPON EXERCISE OF THIS WARRANT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AND MAY NOT UNDER ANY CIRCUMSTANCES BE SOLD, TRANSFERRED, OR OTHERWISE DISPOSED OF WITHOUT AN EFFECTIVE REGISTRATION STATEMENT FOR SUCH SECURITIES UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AND ANY OTHER APPLICABLE SECURITIES LAWS OR AN OPINION OF COUNSEL SATISFACTORY TO THE COMPANY THAT REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR APPLICABLE SECURITIES LAWS.

(b) Transferability. Subject to the provisions of Section 4(a), the Holder may sell, assign, transfer, pledge or dispose of all or any portion of this Warrant at any time or from time to time. In connection with any transfer of all or any portion of this Warrant, the Holder must provide an assignment form substantially in the form attached hereto as Exhibit B duly completed and executed by the Holder or any such subsequent Holder, as applicable, and the proposed transferee must consent in writing to be bound by the terms and conditions of this Warrant. Any transfer of all or any portion of this Warrant shall also be subject to the Securities Act and other applicable federal or state securities or blue sky laws. Upon any transfer of this Warrant in full, the Holder shall be required to physically surrender this Warrant to the Company within three (3) Trading Days of the date the Holder delivers an assignment form to the Company assigning this Warrant in full. The Warrant, if properly assigned in accordance herewith, may be exercised by a new holder for the purchase of Warrant Shares without having a new Warrant issued; provided that if the Holder or their assignee request, and upon receipt of this Warrant, the Company shall issue each the Holder and its assignee new Warrants each providing for the purchase of the number of shares of Common Stock set forth in such request, which amounts, when taken together shall equal the number of Warrant Shares issuable under this Warrant. This Warrant or any portion thereof shall not be sold, assigned, transferred, pledged or disposed of in violation of the Securities Act, federal or state securities laws or the Company’s certificate of incorporation.

(c) Warrant Register. The Company shall register this Warrant upon records to be maintained by or on behalf of the Company for that purpose (the “Warrant Register”) in the name of the record Holder hereof from time to time. Absent manifest error or actual notice to the contrary, the Company may deem and treat the Holder of this Warrant so registered as the absolute owner hereof for the purpose of any exercise hereof or any distribution to the Holder, and for all other purposes.

Section 5. Miscellaneous.

(a) No Rights as Stockholder Until Exercise. Except as expressly set forth herein, this Warrant does not entitle the Holder to any voting rights, dividends or other rights as a stockholder of the Company prior to the exercise hereof as set forth in Section 2(c).

(b) Loss, Theft, Destruction or Mutilation of Warrant. The Company covenants that upon delivery by the Holder to the Company of (i) notice of the loss, theft, destruction or mutilation of this Warrant and (ii) in the case of loss, theft or destruction, an indemnity agreement in a form and amount reasonably satisfactory to the Company or, in the case of mutilation, surrender of the mutilated Warrant, the Company will make and deliver a new Warrant of like tenor dated as of the Issue Date.

(c) Saturdays, Sundays, Holidays, etc. If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a Trading Day, then, such action may be taken or such right may be exercised on the next succeeding Trading Day.

(d) Authorized Shares. The Company covenants that, during the period this Warrant is exercisable (in whole or in part), it will reserve from its authorized and unissued Common Stock, free from any preemptive rights and free from all taxes, liens and charges, a sufficient number of shares to provide for the issuance of the Warrant Shares upon the exercise of any purchase rights under this Warrant. The Company further covenants that its issuance of this Warrant shall constitute full authority to its officers who are charged with the duty of executing stock certificates to execute and issue the necessary Warrant Shares upon the exercise of the purchase rights under this Warrant. The Company will take all such reasonable action as may be necessary to assure that such Warrant Shares may be issued as provided herein without violation of any applicable law or regulation, or of any requirements of any national securities exchange upon which the Common Stock is listed or traded and that upon issuance, the Warrant Shares will be listed on any national securities exchange upon which the Common Stock is listed. The Company covenants that all Warrant Shares which may be issued upon the exercise of the purchase rights represented by this Warrant will, upon exercise of the purchase rights represented by this Warrant and full payment for such Warrant Shares in accordance herewith, be duly authorized, validly issued, fully paid and non-assessable, not subject to any preemptive rights and free from all taxes, liens and charges created by the Company in respect of the issue thereof (other than taxes in respect of any transfer occurring contemporaneously with such issue).

(e) Replacement of Warrant. Upon receipt of evidence reasonably satisfactory to the Company of the loss, theft, destruction or mutilation of this Warrant and (in the case of loss, theft or destruction) upon delivery of a customary indemnity agreement reasonably satisfactory to the Company or (in the case of mutilation) upon surrender and cancellation of this Warrant, the Company will issue, in lieu thereof, a new Warrant of the same tenor and date.

(f) Governing Law. This Warrant shall be governed by and construed in accordance with the laws of the State of New York without giving effect to the principles of conflict of laws thereof. EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT IT MAY HAVE, AND AGREES NOT TO REQUEST, A JURY TRIAL FOR THE ADJUDICATION OF ANY DISPUTE HEREUNDER OR IN CONNECTION HEREWITH OR ARISING OUT OF THIS WARRANT OR ANY TRANSACTION CONTEMPLATED HEREBY.

(g) Nonwaiver. No course of dealing or any delay or failure to exercise any right hereunder on the part of Holder shall operate as a waiver of such right or otherwise prejudice the Holder's rights, powers or remedies.

(h) Notices. All notices referred to herein shall be in writing and, unless otherwise specified herein, all notices hereunder shall be deemed to have been given upon the earlier of receipt thereof or three (3) Trading Days after the mailing thereof if sent by registered or certified mail with postage prepaid, or by private courier service addressed: (i) if to the Company, to its office at Applied Digital Corporation, 3811 Turtle Creek Blvd., Suite 2100, Dallas, Texas, 75219 (Attention: Chief Financial Officer), (ii) if to any Holder, to such Holder at the address of such Holder as listed in the stock record books of the Company or (iii) to such other address as the Company or any such Holder, as the case may be, shall have designated by notice similarly given.

(i) Limitation of Liability. No provision hereof, in the absence of any affirmative action by the Holder to exercise this Warrant to purchase Warrant Shares, and no enumeration herein of the rights or privileges of the Holder, shall give rise to any liability of the Holder for the purchase price of any Common Stock or as a stockholder of the Company, whether such liability is asserted by the Company or by creditors of the Company.

(j) Successors and Assigns. Subject to applicable securities laws, this Warrant and the rights and obligations evidenced hereby shall inure to the benefit of and be binding upon the successors and permitted assigns of the Company and the permitted assigns of Holder. The provisions of this Warrant are intended to be for the benefit of any Holder from time to time of this Warrant and shall be enforceable by the Holder or holder of Warrant Shares.

(k) Amendment. Subject to the requirements of Section 2(d)(i), this Warrant may be modified or amended or the provisions hereof waived with the written consent of the Company and the Holder.

(l) Severability. Wherever possible, each provision of this Warrant shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Warrant shall be prohibited by or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provisions or the remaining provisions of this Warrant.

(m) Headings. The headings used in this Warrant are for the convenience of reference only and shall not, for any purpose, be deemed a part of this Warrant.
